(f) No employer shall, while to his knowledge adequately experienced unionists competent to perform the class of work are available, retain in his employment any worker for a period of more than seven (7) days after being advised by the Union concerned that such worker has not complied with either subclause (d) or paragraph (iv) of subclause (e) of this clause or for a period of more than seven (7) days after a conviction for a breach of this clause in reference to the employment of such worker.

(g) An employer (or the workers employed by him) whose principal business is not the construction, demolition, maintenance, renovation or repair of buildings, dams, bridges or jetties, shall not commit a breach of this clause by reason of such workers performing work of a kind set out in the definitions contained in clause 3 of this Award, provided that such workers are members of a Union to which other workers of that employer are eligible to belong.

(e) The employer shall provide free transport for the workers' tools. Provided that free transport for tools shall not be provided when a worker severs his own contract of service.

(f) Where a worker uses any kind of conveyance of his own in travelling, the amount of fare that would have been reasonably incurred had the worker used a public conveyance shall be paid by the employer to the worker.

(g) If a worker elects to return to his home at the weekend after three (3) months' continuous service away from home in the employ of the one employer and thereafter at the end of each three-monthly period, he shall be paid a second-class return rail or road bus fare on the pay day which immediately follows the date on which he returns to the job, unless travelling facilities are provided. (e) The expression "recognised meal period" means the period customarily observed as the meal period between fixed times on the job, or at the works, as the case may be, except where the time of commencement of the customary period is altered by mutual consent of the employer and the workers on a job to suit the convenience of the workers or the building proprietor, in which case the altered times shall be the basis of any rights under the preceding subclauses (c) and (d).

(f) Any worker who is required to continue working for more than two (2) hours after his usual knock-off time on any day shall be supplied by the employer with a reasonable meal or, in lieu of such meal, shall be paid an allowance of five shillings (5s.) for a meal.

(iii) If, on the instructions of his employer, such a worker resumes or continues work without having had such eight (8) consecutive hours off duty, he shall be paid at double rates until he is released from duty for such period and he shall then be entitled to be absent until he has had eight (8) consecutive hours off duty without loss of pay for ordinary working time occurring during such absence.

(d) Except as hereinafter provided, a period of two (2) consecutive weeks' leave with payment of ordinary wages as prescribed shall be allowed annually to a worker by his employer after a period of twelve (12) months' continuous service with such employer.

(h) In the event of a worker being employed by an employer for portion only of a year, he shall only be entitled, subject to subclause (f) of this clause, to such leave on full pay as is proportionate to his length of service during that period with such employer and if such leave is not equal to the leave given to the other workers he shall not be entitled to work or pay whilst the other workers of such employer are on leave on full pay.

(i) A worker who is dismissed for misconduct or who illegally severs his contract of service shall not be entitled to the benefit of the provisions of this clause.

(k) For the purpose of this clause "double time rate" shall be the rate which would have been payable to the worker on that day had it not been a holiday (including all allowances paid in accordance with the provisions of Clause 9 hereof) multiplied by two (2). The fact that the "lost time allowance" includes an amount calculated in reference to holidays shall not be regarded as a reason for reducing the amount that would otherwise be payable under this subclause.

(l) Payment for holidays and annual leave shall be at the ordinary rate as prescribed in Clause 9, plus the allowances shown therein paid in accordance with the provisions of Clause 9 hereof.

(m) The provisions of this clause shall not apply to casual workers.

- (g) any termination of the employment by the employer on the ground of slackness of trade if the worker is re-employed by the same employer within a period not exceeding six (6) months from the date of such termination;
- (h) any reasonable absence of the worker on legitimate union business in respect of which he has requested and been refused leave;

- (i) any absence from duty after the coming into operation of this clause by reason of any cause not specified in this clause unless the employer during the absence or within fourteen (14) days of the termination of the absence notifies the worker in writing that such absence will be regarded as having broken the continuity of service, which notice may be given by delivery to the worker personally or by posting it by registered mail to his last recorded address, in which case it shall be deemed to have reached him in due course of post.

Provided that the period of any absence from duty or the period of any interruption referred to in placita (c) to (i) inclusive of this paragraph shall not (except as set out in paragraph (4) hereof) count as service.

(c) Period of Leave.

(1) The leave to which a worker shall be entitled or deemed to be entitled shall be as provided in this subclause.

(2) Where a worker has completed at least twenty (20) years' service the amount of leave shall be—

- (a) in respect of 20 years' service so completed—13 weeks' leave;

- (a) by his death;
- (b) in any circumstances otherwise than by the employer for serious misconduct:

the amount of leave shall be—

- (ii) if such termination takes place after the worker has become entitled to leave under placitum (a) of paragraph (2) hereof the leave due under such placitum and in addition such proportion of 13 weeks' leave as the number of completed years of such service after the accrual of such entitlement bears to 20 years.

(4) Where a worker has completed at least ten (10) years' service but less than fifteen (15) years' service since its commencement and his employment is terminated—

- (i) by his death; or
- (ii) by the employer for any reason other than serious misconduct; or
- (iii) by the worker on account of sickness or injury to the worker or domestic or other pressing necessity where such sickness or injury or necessity is of such a nature as to justify or in the event of a dispute is, in the opinion of the Special Board of Reference, of such a nature as to justify such termination;

the amount of the leave shall be such proportion of thirteen (13) weeks' leave as the number of completed years of such service bears to twenty (20) years.

(5) In the cases to which paragraphs (3) and (4) hereof apply the worker shall be deemed to have been entitled to and to have commenced leave immediately prior to such termination.

(d) Payment for Period of Leave.

(1) A worker shall subject to paragraph (3) hereof, be entitled to be paid for each week of leave to which he has become entitled or is deemed to have become entitled the ordinary time rate of pay applicable to him at the date he commences such leave.

(2) Such ordinary time rate of pay shall be the rate applicable to him for the standard weekly hours which are prescribed by this Award but in

the case of casuals and part-time workers shall be the ordinary time rate for the number of hours usually worked up to but not exceeding the prescribed standard.

(3) Where by agreement between the employer and the worker the commencement of the leave to which the worker is entitled or any portion thereof is postponed to meet the convenience of the worker, the rate of payment for such leave shall be at the ordinary time rate of pay applicable to him at the date of accrual or, if so agreed, at the ordinary time rate of pay applicable at the date he commences such leave.

(4) The ordinary time rate of pay—

- (a) shall include any deductions from wages for board and/or lodging or the like which is not provided and taken during the period of leave;
- (b) shall not include shift premiums, overtime, penalty rates, commissions, bonuses, allowances or the like.

(5) In the case of workers employed on piece or bonus work or any other system of payment by results payment shall be at ordinary time rates.

(e) Taking Leave.

(1) In a case to which paragraph (2) of sub-clause (c) applies—

- (a) Leave shall be granted and taken as soon as reasonably practicable after the right thereto accrues due or at such time or times as may be agreed between the employer and the worker or in the absence of such agreement at such time or times as may be determined by the Special Board of Reference, having regard to the needs of the employer's establishment and the worker's circumstances.
- (b) Except where the time for taking leave is agreed to by the employer and the worker or determined by the Special Board of Reference the employer shall give to a worker at least one month's notice of the date from which his leave is to be taken.
- (c) Leave may be granted and taken in one continuous period or if the employer and the worker so agree in not more than three separate periods in respect of the first thirteen (13) weeks' entitlement and in not more than two separate periods in respect of any subsequent period of entitlement.
- (d) Any leave shall be inclusive of any public holidays specified in this Award occurring during the period when the leave is taken but shall not be inclusive of any annual leave.

(e) Payment shall be made in one of the following ways:—

- (i) in full before the worker goes on leave;
- (ii) at the same time as his wages would have been paid to him if the worker had remained at work, in which case payment shall, if the worker in writing so requires, be made by cheque posted to an address specified by the worker; or
- (iii) in any other way agreed between the employer and the worker.

(f) No worker shall, during any period when he is on leave, engage in any employment for hire or reward in substitution for the employment from which he is on leave, and if a worker breaches this provision he shall thereupon forfeit his right to leave hereunder in respect of the unexpired period of leave upon which he has entered, and the employer shall be entitled to withhold any further payment in respect of the period and to reclaim any payments already made on account of such period of leave.

(2) In a case to which paragraph (3) or paragraph (4) of sub-clause (c) applies and in any case in which the employment of the worker who has become entitled to leave hereunder is terminated before such leave is taken or fully taken the employer shall, upon termination of his employment otherwise than by death, pay to the worker, and upon termination of employment by death, pay to the personal representative, of the worker upon request by the personal representative, a sum equivalent to the amount which would have been payable in respect of the period of leave to which he is entitled or deemed to have been entitled and which would have been taken but for such termination. Such payment shall be deemed to have satisfied the obligation of the employer in respect of leave hereunder.

(f) Granting Leave in Advance and Benefits to be Brought into Account.

(1) Any employer may by agreement with a worker allow leave to such a worker before the right thereto has accrued due, but where leave is taken in such a case the worker shall not become entitled to any further leave hereunder in respect of any period until after the expiration of the period in respect of which such leave had been taken before it accrued due.

(2) Where leave has been granted to a worker pursuant to the preceding paragraph before the right thereto has accrued due, and the employment subsequently is terminated, the employer may deduct from whatever remuneration is payable upon the termination of the employment a proportionate amount on the basis of 13 weeks for twenty (20) years' service in respect of any period for which the worker has been granted long service leave to which he was not at the date of termination of his employment or prior thereto entitled.

(3) Any leave in the nature of long service leave or payment in lieu thereof under a State Law or a long service leave scheme not under the provisions hereof granted to a worker by his employer in respect of any period of service with the employer shall be taken into account whether the same is granted before or after the coming into operation hereof and shall be deemed to have been leave taken and granted hereunder in the case of leave with pay to the extent of the period of such leave and in the case of payment in lieu thereof to the extent of a period of leave with pay equivalent to the amount of the payment and to be satisfaction to the extent thereof of the entitlement of the worker hereunder.

(4) An employer shall be entitled to offset any payment in respect of leave hereunder against any payment by him to any long service leave scheme, superannuation scheme, pension scheme, retiring allowance scheme, provident fund, or the like or under any combination thereof operative at the first day of April, 1958.

(g) Records to be Kept.

(1) Each employer shall during the employment and for a period of twelve (12) months thereafter, or in the case of termination by death of the worker a period of three (3) years thereafter, keep a record from which can be readily ascertained the name of each worker and his occupation, the date of the commencement of his employment and his entitlement to long service leave and any leave which may have been granted to him or in respect of which payment may have been made hereunder.

(2) Such record shall be open for inspection in the manner and circumstances prescribed by this Award with respect to the time and wages record.

(h) Special Board of Reference.

(1) There shall be constituted a Special Board of Reference for the purpose hereof to which all disputes and matters arising hereunder shall be referred and the Board shall determine all such disputes and matters.

(2) There shall be assigned to such Board the functions of—

- (a) the settlement of disputes on any matters arising hereunder;
- (b) the determination of such matters as are specifically assigned to it hereunder.

(3) The Board of Reference shall consist of one representative or substitute therefor nominated from time to time by the Western Australian Employers' Federation (Incorporated) and one representative or substitute nominated from time to time by the West Australian Trade Unions Industrial Council (A.L.P.) together with a chairman to be mutually agreed upon by the organisations named in this paragraph.

(i) State Law.

(1) The provisions of any State law to the extent to which they have before the coming into operation hereof conferred an accrued right on a worker to be granted a period of long service leave in respect of a completed period of twenty (20) or more years' service or employment or an accrued right on a worker or his personal representative to payment in respect of long service leave shall not be affected hereby and shall not be deemed to be inconsistent with the provisions hereof.

(2) The entitlement of any such worker to leave in respect of a period of service with the employer completed after the period in respect of which the long service leave referred to in paragraph (1) hereof accrued due shall be in accordance herewith.

(3) Subject to paragraphs (1) and (2) hereof, the entitlement to leave hereunder shall be in substitution for and satisfaction of any long service leave to which the worker may be entitled in respect of employment of the worker by the employer.

(4) An employer who under any State law with regard to long service leave is exempted from the provisions of that law as at the 1st day of April, 1958, shall in respect of the workers covered by such exemption be exempt from the provisions hereof.

(j) Exemptions.

The Special Board of Reference may subject to such conditions as it thinks fit exempt any employer from the provisions hereof in respect of its employees where there is an existing or prospective long service leave scheme which, in its opinion is, viewed as a whole, more favourable for the whole of the employees of that employer than the provisions hereof.

(k) Liberty to Apply.

Liberty is granted to any party to this Award to apply to the Court at any time for an appropriate variation of this clause if any of the terms and conditions operating under the code of long service leave being negotiated between the Australian Council of Trade Unions and Federal Employers' Organisations is varied in any way.

(b) A worker shall be entitled to payment for non-attendance on the ground of personal ill-health at the rate of one-twelfth (1/12th) of a week's pay for each completed month of service. Provided that subject to subclause (h) hereof, payment for absence through such ill-health shall be limited to one (1) week's pay in each calendar year.

(c) Payment hereunder may be adjusted at the end of each calendar year or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred.

(d) This clause shall not apply when the worker is entitled to compensation under the Workers' Compensation Act.

(e) A worker shall not be entitled to receive any wages from his employer for any time lost through any accident not arising out of or in the course of his employment or for any accident wherever sustained arising out of his own wilful default or for sickness arising out of his own wilful default.

(f) No worker shall be entitled to the benefits of this clause unless he produces proof satisfactory to his employer of sickness, but the employer shall not be entitled to a medical certificate unless the absence is for three (3) days or more.

(g) Notwithstanding the provisions of subclause (f) hereof, a worker, who in any calendar year has already been allowed paid sick leave, shall not be entitled to payment for any further absence unless he produces to the employer a medical certificate stating that he was unable to attend for duty on account of personal ill-health, if such certificate is demanded by the employer.

(h) Sick leave shall accumulate from year to year so that any balance of the period specified in subclause (b) of this clause which has in any year not been allowed to any worker by his employer as paid sick leave may be claimed by the worker and, subject to the conditions hereinbefore prescribed, shall be allowed by his employer in any subsequent year without diminution of the sick leave prescribed in respect of that year. Provided that sick leave which accumulates pursuant to this subclause shall be available to the worker for a period of two (2) years but no longer from the end of the year in which it accrues.

27.—Board of Reference.

(a) For the purpose of this Award, a Board of Reference is hereby appointed, which shall consist of a chairman and two (2) other representatives, one to be nominated by each of the parties. The said Board shall have assigned to it, in the event of no agreement being arrived at between the parties to the dispute, the functions of:—

(ii) dealing with any other matter which the Court may refer to the Board from time to time.

(b) In the event of no agreement being arrived at, the matter may be referred to the Board of Reference for determination.

4.—Term.

The term of this Award shall be for a period of three (3) years as from the beginning of the first pay period commencing after the date hereof.

5.—Hours.

Subject to clause 6 hereof the ordinary working hours shall be worked between Monday to Friday inclusive and shall not exceed forty (40) hours in any one week, nor eight (8) in any one day, and except in the case of shift workers shall be worked between the hours of 7 a.m. and 5.30 p.m.

6.—Overtime.

(a) For all work done beyond the hours of duty, payment shall be made at the rate of time and a half for the first four (4) hours and double time thereafter.

(b) All work done on Sundays or the holidays prescribed in clause 15 (a) hereof shall be paid at the rate of double time.

(c) When a worker is recalled to work after leaving the job, he shall be paid for at least two (2) hours at overtime rates.

(d) When a worker is required for duty during any meal time whereby his meal time is postponed for more than one (1) hour, he shall be paid overtime rates until he gets his meal.

(e) A worker shall not be compelled to work for more than six (6) hours without a break for a meal.

(f) The employer may require any worker to work reasonable overtime at overtime rates, and such worker shall work overtime in accordance with such requirement.

(g) No organisation party to this Award, or worker or workers covered by this Award, shall, in any way, whether directly or indirectly, be a party to or concerned in any ban limitation, or restriction upon the working of overtime in accordance with the requirements of this subclause.

(h) In the calculation of overtime rates, each day shall stand alone. Provided that, when a worker continues working beyond midnight on any day, the hours worked after midnight shall be counted as part of the previous day's work for the purpose of calculating the rates to be paid.

(i) These overtime rates shall not apply to excess time worked due to private arrangement between the workers themselves or owing to a relieving man failing to come on duty at the proper time, or where such time is worked to effect the periodical rotation of shifts.

7.—Meal Money.

A worker required to work overtime for more than two (2) hours without being notified on the previous day or earlier that he will be so required to work, shall be supplied with a meal by the employer or paid five shillings (5s.) for a meal.

If the amount of overtime required to be worked necessitates a second or subsequent meal, the employer shall, unless he has notified the workers concerned on the previous day or earlier that such second or subsequent meal will also be required, provide such meals or pay an amount of three shillings and fourpence (3s. 4d.) for each such second or subsequent meal.

No such payments need be made to workers living in the same locality as their workshops who can reasonably return home for such meals.

If a worker in consequence of receiving such notice has provided himself with a meal or meals and is not required to work overtime, or is required to work less overtime than notified, he shall be paid the amounts above prescribed in respect of the meals not then required.

8.—Contract of Service.

Except in the case of casual workers, the contract of service shall be by the week and shall be terminable by one (1) week's notice given on either side on any day. If the employer or a worker fails to give the required notice one (1) week's wages shall be paid or forfeited.

9.—Higher Duties.

A worker engaged for more than half ( $\frac{1}{2}$ ) of one (1) day or shift on duties carrying a higher rate than his ordinary classification shall be paid the higher rate for such day or shift. If employed for less than half ( $\frac{1}{2}$ ) of one (1) day or shift he shall be paid the higher rate for the time so worked.

10.—Casual Workers.

(a) Any worker dismissed through no fault of his own before the expiration of one (1) week of his employment shall be considered casual and shall receive ten per cent. (10%) above the rate specified for the work performed.

(b) The services of a casual worker may be terminated by one (1) hour's notice, given by either employer or worker, on any day.

## 11.—Under-rate Workers.

(a) Any worker who, by reason of old age or infirmity, is unable to earn the minimum wage, may be paid such lesser wages as may from time to time be agreed upon in writing between the Union and the employer.

(b) In the event of no agreement being arrived at, the matter may be referred to the Board of Reference for determination.

(c) After application has been made to the Board and pending the Board's decision, the worker shall be entitled to work for and be employed at the proposed lesser rate.

## 12.—Breakdowns.

The employer shall be entitled to deduct payment for any day or portion of a day upon which a worker cannot be usefully employed because of any strike by the Union or unions affiliated with it, or by any other association or union, or through the breakdown of the employer's machinery, or any stoppage of work by any cause which the employer cannot reasonably prevent.

## 13.—Record.

(a) The employer shall keep a time and wages record showing the name of each worker, and the nature of his work, the hours worked each day, and the wages and allowances paid each week. Any system of automatic recording by means of machines shall be deemed to comply with this provision to the extent of the information recorded.

(b) The time and wages record shall be open for inspection by a duly accredited official of the Union during the usual office hours, at the employer's office or other convenient place, and he shall be allowed to take extracts therefrom. The employer's works shall be deemed to be a convenient place for the purpose of this paragraph, and if for any reason the record be not available at the works when the official calls to inspect it, it shall be made available for inspection, within twenty-four (24) hours either at the employer's office or at the works.

## 14.—Holidays.

(a) The following days, or the days observed in lieu, shall, subject to Clause 6 hereof, be allowed as holidays without deduction of pay, namely: New Year's Day, Australia Day, Good Friday, Easter Saturday, Easter Monday, Anzac Day, Labour Day, State Foundation Day, Christmas Day and Boxing Day.

(b) Any worker absenting himself from work without reasonable cause, proof of which shall lie upon him, on the whole or any portion of the working day preceding, or on the whole or any portion of the working day succeeding a holiday provided for herein, shall not be entitled to payment for such holiday.

(c) On any public holiday not prescribed as a holiday under this Award, the employer's establishment or place of business may be closed, in which case a worker need not present himself for duty and payment may be deducted, but if work be done, ordinary rates of pay shall apply.

## 15.—Annual Leave.

(a) Except as hereinafter provided, a period of two (2) consecutive weeks' leave with payment of ordinary wages as prescribed shall be allowed annually to a worker by the employer after a period of twelve (12) months' continuous service with such employer.

(b) If any Award holiday falls within a worker's period of annual leave and is observed on a day which in the case of that worker would have been an ordinary working day, there shall be added to that period one (1) day being an ordinary working day for each such holiday observed as aforesaid.

(c) If after one month's continuous service in any qualifying 12-monthly period a worker lawfully leaves his employment, or his employment is terminated by the employer through no fault of the

worker, the worker shall be paid one-sixth (1/6th) of a week's pay at his ordinary rate of wage in respect of each completed month of continuous service.

(d) Any time in respect of which a worker is absent from work, except time for which he is entitled to claim sick pay, or time spent on holidays or annual leave as prescribed by this Award, shall not count for the purpose of determining his right to annual leave.

(e) A worker who is dismissed for misconduct or who illegally severs his contract of service, shall not be entitled to the benefit of the provisions of this clause.

(f) In the event of a worker being employed by the employer for portion only of a year, he shall only be entitled subject to subclause (d) of this clause, to such leave on full pay as is proportionate to his length of service during that period with such employer, and if such leave is not equal to the leave given to the other workers, he shall not be entitled to work or pay whilst the other workers of such employer are on leave on full pay.

(g) The provisions of this clause shall not apply to casual workers.

## 16.—Absence Through Sickness.

(a) A worker shall be entitled to payment for non-attendance on the ground of personal ill-health for one-twelfth (1/12th) of a week for each completed month of service; provided that payment for absence through such ill-health shall be limited to one (1) week in each calendar year. Payment hereunder may be adjusted at the end of each calendar year, or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred. This clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act.

(b) A worker shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the course of his employment, or for any accident, wherever sustained, arising out of his own wilful default, or for sickness arising out of his own wilful default.

(c) No worker shall be entitled to the benefits of this clause unless he produces proof satisfactory to his employer of sickness, but the employer shall not be entitled to a medical certificate unless the absence is for three (3) days or more.

(d) Sick leave shall accumulate from year to year so that any balance of the period specified in subclause (a) of this clause which has in any year not been allowed to any worker by his employer as paid sick leave may be claimed by the worker and, subject to the conditions hereinbefore prescribed, shall be allowed by his employer in any subsequent year without diminution of the sick leave prescribed in respect of that year. Provided that the sick leave which accumulates pursuant to this subclause shall be available to the worker for a period of two (2) years but no longer from the end of the year in which it accrues.

(e) Notwithstanding the provisions of subclause (c) hereof, in the case of a worker who has already been allowed paid sick leave on one occasion the employer before paying for any further absence in the same year may insist on the worker obtaining a medical certificate stating that he was unable to attend for duty because of personal ill-health, even although such absence was for less than three (3) days.

## 17.—Board of Reference.

(a) The Court hereby appoints for the purpose of this Award a Board of Reference.

(b) The Board shall consist of a Chairman, to be appointed by the Court and two (2) other representatives, one to be nominated by each of the parties.

(c) The Board is hereby assigned the following functions in the event of a disagreement between the parties bound by this Award:—

- (i) Adjusting any matters of difference which may arise between the parties from time to time, except such as involve interpretations of the provisions of this Award or any of them.
  - (ii) Deciding any other matter that the Court may refer to the Board from time to time.
- (d) The provisions of Regulations 106 of the Industrial Arbitration Act, 1912-1952, shall be deemed to apply to any Board of Reference appointed hereunder.

#### 18.—Right of Entry.

In the case of a disagreement existing or anticipated concerning any of the provisions of this Award, an accredited representative of the Union shall be permitted to interview the workers during the recognised meal hour, on the business premises of the employer, but this permission shall not be exercised, without the consent of the employer, more than once in any one (1) week.

#### 19.—Award, etc., to be Posted.

Every employer shall allow Union notices except those which on reasonable grounds he considers objectionable and a copy of this Award to be posted up by the Union in a place accessible to the workers and approved by the employer.

#### 20.—Junior Workers' Certificate.

Junior workers, upon being engaged, shall furnish the employer with a certificate containing the following particulars:—

- (i) Name in full.
- (ii) Age and date of birth.

No worker shall have any claim upon an employer for additional pay in the event of the age of the worker being wrongly stated either on the certificate, or, if no such certificate is furnished, verbally to the employer. If any junior worker shall wilfully mis-state his age either verbally to the employer or in the certificate, he alone shall be guilty of a breach of this Award, and in the event of a worker having received a higher rate than that to which he was entitled, he shall make restitution to the employer.

#### 21.—Shift Work.

(a) An employer may, if he so desires, work his establishment on shifts, but before doing so shall give notice of his intention to the Union and of the intended starting and finishing times of ordinary working hours of the respective shifts.

(b) (i) Where any particular process is carried out on shifts other than day shift, and less than five (5) consecutive afternoon or five (5) consecutive night shifts are worked on that process, then workers employed on such afternoon or night shifts shall be paid at overtime rates.

(ii) The sequence of work shall not be deemed to be broken under the preceding paragraph by reason of the fact that work on the process is not carried out on a Saturday or Sunday or on any public holiday.

(c) The loading on the ordinary rates of pay for shift work shall be five per cent. (5%) for afternoon shift and ten per cent. (10%) for night shift.

(d) Where a shift commences at or after 11 p.m., then the whole shift shall be paid for at the rate which applies to the major portion of the shift.

#### 22.—No Reduction.

Nothing in this Award shall entitle an employer to reduce the wage of any worker who at the date of this Award was being paid a higher rate of wage than the minimum prescribed for his class of work.

#### 23.—Long Service Leave.

##### (a) Right to Leave.

A worker shall as herein provided be entitled to leave with pay in respect of long service.

##### (b) Long Service.

(1) The long service which shall entitle a worker to such leave shall, subject as herein provided, be continuous service with the one and the same employer.

(2) Such service shall include service prior to the 1st April, 1958, if it continued until such time but only to the extent of the last 20 completed years of continuous service.

(3) (i) Where a business has, whether before or after the coming into operation hereof, been transmitted from an employer (herein called "the transmitter") to another employer (herein called "the transmittee") and a worker who at the time of such transmission was an employee of the transmitter in that business becomes an employee of the transmittee the period of the continuous service which the worker has had with the transmitter (including any such service with any prior transmitter) shall be deemed to be the service of the worker with the transmittee.

(ii) In this subclause "transmission" includes transfer, conveyance, assignment or succession whether voluntary or by agreement or by operation of law and "transmitted" has a corresponding meaning.

##### (4) Such service shall include—

(a) Any period of absence from duty on any annual leave or long service leave.

(b) Any period of absence from duty necessitated by sickness of or injury to the worker but only to the extent of fifteen working days in any year of his employment.

(c) Any period following any termination of the employment by the employer if such termination has been made merely with the intention of avoiding obligations hereunder in respect of long service leave or obligations under any Award in respect of annual leave.

(d) Any period during which the service of the worker was or is interrupted by service—

(i) As a member of the Naval, Military or Air Forces of the Commonwealth of Australia other than as a member of the British Commonwealth Occupation Forces in Japan and other than as a member of the Permanent Forces of the Commonwealth of Australia except in the circumstances referred to in section 31 (2) of the Defence Act, 1903-1956, and except in Korea or Malaya after 26th June, 1950;

(ii) As a member of the Civil Construction Corps established under the National Security Act, 1939-1946;

(iii) In any of the Armed Forces under the National Service Act, 1951 (as amended).

Provided that the worker as soon as reasonably practicable on the completion of any such service resumed or resumes employment with the employer by whom he was employed immediately before the commencement of such service.

##### (5) Service shall be deemed to be continuous notwithstanding—

(a) The transmission of a business as referred to in paragraph (3) hereof;

(b) any interruption of a class referred to in paragraph (4) hereof irrespective of the duration thereof;

(c) any absence from duty authorised by the employer;

(d) any standing-down of a worker in accordance with the provisions of an Award, Industrial Agreement, Order or Determination under either Commonwealth or State Law;

(e) any absence from duty arising directly or indirectly from an industrial dispute if the worker returns to work in accordance with the terms of settlement of the dispute;

- (f) any termination of the employment by the employer on any ground other than slackness of trade if the worker be re-employed by the same employer within a period not exceeding two months from the date of such termination;
- (g) any termination of the employment by the employer on the ground of slackness of trade if the worker is re-employed by the same employer within a period not exceeding six months from the date of such termination;
- (h) any reasonable absence of the worker on legitimate union business in respect of which he has requested and been refused leave;
- (i) any absence from duty after the coming into operation of this clause by reason of any cause not specified in this clause unless the employer during the absence or within fourteen days of the termination of the absence notifies the worker in writing that such absence will be regarded as having broken the continuity of service, which notice may be given by delivery to the worker personally or by posting it by registered mail to his last recorded address, in which case it shall be deemed to have reached him in due course of post.

Provided that the period of any absence from duty or the period of any interruption referred to in placita (c) to (i) inclusive of this paragraph shall not (except as set out in paragraph (4) hereof) count as service.

(c) Period of Leave.

(1) The leave to which a worker shall be entitled or deemed to be entitled shall be as provided in this subclause.

(2) Where a worker has completed at least 20 years' service the amount of leave shall be—

- (a) In respect of 20 years' service so completed—13 weeks' leave;
- (b) in respect of each 10 years' service completed after such 20 years—six and a half weeks' leave.

(3) Where a worker has completed at least 15 years' service since its commencement and his employment is terminated—

- (a) by his death;
- (b) in any circumstances otherwise than by the employer for serious misconduct.

the amount of leave shall be—

- (i) if such determination takes place before the worker has become entitled to leave under placitum (a) of paragraph (2) hereof such proportion of 13 weeks' leave as the number of completed years of such service bears to 20 years;
- (ii) if such termination takes place after the worker has become entitled to leave under placitum (a) of paragraph (2) hereof the leave due under such placitum and in addition such proportion of 13 weeks' leave as the number of completed years of such service after the accrual of such entitlement bears to 20 years.

(4) Where a worker has completed at least 10 years' service but less than 15 years' service since its commencement and his employment is terminated—

- (i) by his death; or
- (ii) by the employer for any reason other than serious misconduct; or
- (iii) by the worker on account of sickness or injury to the worker or domestic or other pressing necessity where such sickness or injury or necessity is of such a nature as to justify or in the event of a dispute is, in the opinion of the Special Board of Reference, of such a nature as to justify such termination;

the amount of leave shall be such proportion of 13 weeks' leave as the number of completed years of such service bears to 20 years.

(5) In the cases to which paragraphs (3) and (4) hereof apply the worker shall be deemed to have been entitled to and to have commenced leave immediately prior to such termination.

(d) Payment for Period of Leave.

(1) A worker shall subject to paragraph (3) hereof, be entitled to be paid for each week of leave to which he has become entitled or is deemed to have become entitled the ordinary time rate of pay applicable to him at the date he commences such leave.

(2) Such ordinary time rate of pay shall be the rate applicable to him for the standard weekly hours which are prescribed by this Award, but in the case of casuals and part-time workers shall be the ordinary time rate for the number of hours usually worked up to but not exceeding the prescribed standard.

(3) Where by agreement between the employer and the worker the commencement of the leave to which the worker is entitled or any portion thereof is postponed to meet the convenience of the worker, the rate of payment for such leave shall be at the ordinary time rate of pay applicable to him at the date of accrual or, if so agreed, at the ordinary time rate of pay applicable at the date he commences such leave.

(4) The ordinary time rate of pay—

- (a) shall include any deductions from wages for board and/or lodging or the like which is not provided and taken during the period of leave;
- (b) shall not include shift premiums, overtime, penalty rates, commissions, bonuses, allowances or the like.

(5) In the case of workers employed on piece or bonus work or any other system of payment by results payment shall be at ordinary time rates.

(e) Taking Leave.

(1) In a case to which paragraph (2) of subclause (c) applies:—

- (a) Leave shall be granted and taken as soon as reasonably practicable after the right thereto accrues due or at such time or times as may be agreed between the employer and the worker or in the absence of such agreement at such time or times as may be determined by the Special Board of Reference, having regard to the needs of the employer's establishment and the worker's circumstances.

(b) Except where the time for taking leave is agreed to by the employer and the worker or determined by the Special Board of Reference the employer shall give to a worker at least one month's notice of the date from which his leave is to be taken.

(c) Leave may be granted and taken in one continuous period or if the employer and the worker so agree in not more than three separate periods in respect of the first 13 weeks' entitlement and in not more than two separate periods in respect of any subsequent period of entitlement.

(d) Any leave shall be inclusive of any public holidays specified in this Award occurring during the period when the leave is taken but shall not be inclusive of any annual leave.

(e) Payment shall be made in one of the following ways:—

- (i) in full before the worker goes on leave;
- (ii) at the same time as his wages would have been paid to him if the worker had remained at work, in which case payment shall, if the worker in writing so requires be made by cheque posted to an address specified by the worker; or
- (iii) in any other way agreed between the employer and the worker.

(f) No worker shall, during any period when he is on leave, engage in any employment for hire or reward in substitution for the employment from which he is on leave, and if a worker breaches this provision he shall thereupon forfeit his right to leave hereunder in respect of the unexpired period of leave upon which he has entered, and the employer shall be entitled to withhold any further payment in respect of the period and to reclaim any payments already made on account of such period of leave.

(2) In the case to which paragraph (3) or paragraph (4) of subclause (c) applies and in any case in which the employment of the worker who has become entitled to leave hereunder is terminated before such leave is taken or fully taken the employer shall, upon termination of his employment otherwise than by death pay to the worker, and upon termination of employment by death pay to the personal representative of the worker upon request by the personal representative, a sum equivalent to the amount which would have been payable in respect of the period of leave to which he is entitled or deemed to have been entitled and which would have been taken but for such termination. Such payment shall be deemed to have satisfied the obligation of the employer in respect of leave hereunder.

(f) Granting Leave in Advance and Benefits to be Brought into Account.

(1) Any employer may by agreement with a worker allow leave to such worker before the right thereto has accrued due, but where leave is taken in such a case the worker shall not become entitled to any further leave hereunder in respect of any period until after the expiration of the period in respect of which such leave had been taken before it accrued due.

(2) Where leave has been granted to a worker pursuant to the preceding paragraph before the right thereto has accrued due, and the employment subsequently is terminated, the employer may deduct from whatever remuneration is payable upon the termination of the employment a proportionate amount on the basis of thirteen (13) weeks for twenty (20) years' service in respect of any period for which the worker has been granted long service leave to which he was not at the date of termination of his employment or prior thereto entitled.

(3) Any leave in the nature of long service leave or payment in lieu thereof under a State law or a long service leave scheme not under the provisions hereof granted to a worker by his employer in respect of any period of service with the employer shall be taken into account whether the same is granted before or after the coming into operation hereof and shall be deemed to have been leave taken and granted hereunder in the case of leave with pay to the extent of the period of such leave and in the case of payment in lieu thereof to the extent of a period of leave with pay equivalent to the amount of the payment and to be satisfaction to the extent thereof of the entitlement of the worker hereunder.

(4) An employer shall be entitled to offset any payment in respect of leave hereunder against any payment by him to any long service leave scheme, superannuation scheme, pension scheme, retiring allowance scheme, provident fund, or the like or under any combination thereof operative at the first day of April, 1958.

(g) Records to be Kept.

(1) Each employer shall during the employment and for a period of twelve (12) months thereafter, or in the case of termination by death of the worker a period of three (3) years thereafter, keep a record from which can be readily ascertained the name of each worker and his occupation, the date of the commencement of his employment and his entitlement to long service leave and any leave which may have been granted to him or in respect of which payment may have been made hereunder.

(2) Such record shall be open for inspection in the manner and circumstances prescribed by this Award with respect to the time and wages record.

(h) Special Board of Reference.

(1) There shall be constituted a Special Board of Reference for the purpose hereof to which all disputes and matters arising hereunder shall be referred and the Board shall determine all such disputes and matters.

(2) There shall be assigned to such Board the functions of—

- (a) the settlement of disputes on any matters arising hereunder;
- (b) the determination of such matters as are specifically assigned to it hereunder.

(3) The Board of Reference shall consist of one representative or substitute therefor nominated from time to time by the Western Australian Employers' Federation (Incorporated) and one representative or substitute nominated from time to time by the West Australian Trade Unions Industrial Council (A.L.P.) together with a chairman to be mutually agreed upon by the organisations named in this paragraph.

(i) State Law.

(1) The provisions of any State law to the extent to which they have before the coming into operation hereof conferred an accrued right on a worker to be granted a period of long service leave in respect of a completed period of twenty (20) or more years' service of employment or an accrued right on a worker or his personal representative to payment in respect of long service leave shall not be affected hereby and shall not be deemed to be inconsistent with the provisions hereof.

(2) The entitlement of any such worker to leave in respect of a period of service with the employer completed after the period in respect of which the long service leave referred to in paragraph (1) hereof accrued due shall be in accordance herewith.

(3) Subject to paragraphs (1) and (2) hereof, the entitlement to leave hereunder shall be in substitution for and satisfaction of any long service leave to which the worker may be entitled in respect of employment of the worker by the employer.

(4) An employer who under any State law with regard to long service leave is exempted from the provisions of that law as at the first day of April, 1958, shall in respect of the workers covered by such exemption be exempt from the provisions hereof.

(j) Exemptions.

The special Board of Reference may subject to such conditions as it thinks fit exempt any employer from the provisions hereof in respect of its employees where there is an existing or prospective long service leave scheme which, in its opinion is, viewed as a whole, more favourable for the whole of the employees of that employer than the provisions hereof.

(k) Liberty to Apply.

Liberty is granted to any party to this Award to apply to the Court at any time for an appropriate variation of this clause if any of the terms and conditions operating under the code of Long Service Leave being negotiated between the Australian Council of Trade Unions and Federal Employers' Organisations is varied in any way.

5.—Term.

The term of this Award shall be for a period of two (2) years from the beginning of the first pay period commencing after the date hereof.

6.—Contract of Service.

(a) Except in the case of casual workers whose engagement shall be by the day, the contract of service shall be by the week and shall be terminable by one week's notice given on either side on any day. If the employer or a worker fails to give the required notice one week's wages shall be paid or forfeited.

(b) The employer shall be under no obligation to pay for any day not worked upon which the worker is required to present himself for duty, except such absence from work is due to illness and comes within the provisions of Clause 17 or such absence is on account of holidays, annual leave or long service leave to which the worker is entitled under the provisions of this Award.

(c) This clause does not affect the right to dismiss for wilful misconduct.

7.—Breakdowns.

The employer shall be entitled to deduct payment for any day or portion of a day on which the worker cannot be usefully employed because of any strike by the Union or Unions affiliated with it, or by any other Association or Union associated with it or through the breakdown of the employer's machinery or any stoppage of work by any cause which the employer cannot reasonably prevent with the exception of wet weather in which case the decision as to whether it is too wet to work shall rest with the officer in charge.

8.—Higher Duties.

If a worker is employed on work classified at a higher minimum than his ordinary work for more than two (2) hours in any shift, he shall be paid the minimum rate for such work for the whole of that shift. If he is employed for less than two hours, he shall be paid at his ordinary rate for the whole shift.

9.—Special Rates and Provisions.

(a) Dirt Money.—Workers employed on work of an unusually dirty or obnoxious nature and whose

marginal rate contains no monetary allowance for working under such conditions shall be paid one shilling and fourpence (1s. 4d.) per shift in addition to the daily rate of pay.

The officer in charge shall decide whether work is dirty work within the meaning of this clause.

(b) Wet Money.—Workers while working in wet places shall be paid one shilling and fourpence (1s. 4d.) per shift in addition to the rate prescribed.

“Wet places” shall mean places where the water is over the workers’ ankles or top of gum boots when provided, or where in performing the work the splashing of water and mud saturates their clothing, or where protection is not provided to prevent splashing or drippings sufficient to saturate their clothing. The officer in charge shall decide whether a place is a “wet place” within the meaning of this clause.

(c) Slag Bogging.—Any worker required to bog slag at distances of 6 feet or more from the edge of the slag pit shall be paid an additional allowance of 10s. per shift.

(d) Protective Equipment—

(i) The employer shall have available a sufficient supply of protective equipment (as for example, safety helmets, goggles and gloves) for use by his workers when engaged on work for which some protective equipment is reasonably necessary. Workers required to work in the rain, shall, on request, be supplied with gum boots and/or oilskins by special arrangement with the management.

(ii) Every worker shall sign an acknowledgment on receipt of any article of protective equipment and shall return same to the employer when he has finished using it or on leaving his employment.

(iii) No worker shall lend another worker any such article of protective equipment issued to such first mentioned worker, and if same are lent, both the lender and the borrower shall be deemed guilty of wilful misconduct.

(iv) Before goggles, or gloves or any such substitutes which have been used by a worker are re-issued by the employer to another worker they shall be effectively sterilised.

(v) During the time any article of protective equipment is on issue to the worker, he shall be responsible for any loss or damage thereto, fair wear and tear attributable to ordinary use excepted.

(e) Junior workers shall be deemed to be included in the foregoing provisions of this clause.

#### 10.—Hours (Day Workers).

(a) The ordinary working hours shall not exceed forty (40) in any one week and shall not exceed eight (8) hours in any one day Monday to Friday inclusive and shall be worked between the hours of 7 a.m. and 5.30 p.m.

Provided that the spread of hours for workers engaged on ore handling shall be between 6 a.m. and 10 p.m.

Provided further that any shift commencing on or after 2 p.m. shall be regarded as an afternoon shift, and the appropriate shift penalty rate shall be paid for all work performed thereon.

(b) The meal interval shall not exceed one (1) hour.

(c) (i) Subject to the provisions hereinafter contained, a rest period of seven (7) minutes from the time of ceasing to the time of resumption of work shall be allowed each morning.

(ii) This interval shall be counted as time off duty without deduction of pay and shall be arranged at a time and in a manner to suit the convenience of the employer. Morning tea may be taken by workers during this interval, but the period of seven (7) minutes shall not be exceeded under any circumstances. Upon proof of breach by any worker of any provision hereinbefore expressed or implied, the Court may grant the employer concerned exemption from liability to allow the rest period aforesaid.

#### 11.—Overtime (Day Workers).

(a) All time worked in excess of the daily rostered hours or in excess of forty (40) hours per week shall be paid for at the rate of time and a half for the first four (4) hours and double time thereafter.

(b) Saturday.—Work performed on Saturday shall be paid at the rate of time and a half for the first four (4) hours and double time thereafter, but if work is performed in any period from 5 p.m. on Saturday, the worker shall be paid double time for all time worked after that hour.

Sundays.—Work performed on Sunday shall be at the rate of double time except in connection with repairs to the employer’s machinery, which has broken down and caused a stoppage of operations, in which case the rate of time and a half shall apply.

(c) When a worker is recalled to work overtime after leaving his employer’s business premises (whether notified before or after leaving such premises) he shall be paid for at least two (2) hours at overtime rates.

(d) When a worker, without being notified on the previous day, is required to continue working after his usual knock off time for more than one hour, or after 6 p.m. whichever is the later, he shall be provided with any meal required or be paid 5s. in lieu thereof.

(e) A worker shall not be compelled to work for more than five (5) hours without a break for a meal.

(f) When a worker is required for duty during the meal interval, whereby his meal time is postponed for more than one (1) hour, he shall be paid at overtime rates from the time he usually commences his meal interval until he gets his meal.

(g) (i) An employer may require any worker to work reasonable overtime at overtime rates and such worker shall work overtime in accordance with such requirement.

(ii) No organisation party to this Award, or worker or workers covered by this Award, shall in any way, whether directly or indirectly, be a party to or concerned in any ban, limitation or restriction upon the working of overtime in accordance with the requirements of this subclause.

#### 12.—Continuous Shift Workers.

(a) The ordinary working hours shall not exceed 40 in any week to be worked in five shifts of eight hours each inclusive of crib time.

(b) All time worked in excess of or outside the ordinary working hours as prescribed shall be paid for at the rate of double time.

(c) These overtime rates shall not apply to excess time worked due to private arrangement between the workers themselves, or owing to a relieving man failing to come on duty at the proper time, or where such time is worked to effect the periodical rotation of shifts.

The time for which any worker may be paid at ordinary rates instead of overtime, due to a relieving man failing to come on duty at the proper time shall not exceed two hours, after the expiration of which, overtime rates shall apply for the whole of the extra time worked.

(d) When a worker is recalled to work overtime after leaving his employer’s business premises (whether notified before or after leaving such premises) he shall be paid for at least two (2) hours at overtime rates.

(e) When a worker, without being notified on the previous day is required to continue working after his usual knock-off time for more than one (1) hour, he shall be provided with any meal required or be paid five shillings (5s.) in lieu thereof.

(f) A worker shall not be compelled to work for more than five (5) hours without a break for a meal.

(g) All work performed during ordinary working hours on Saturdays shall be paid for at the rate of time and a quarter, and on Sundays at time and a half. These rates shall be paid in lieu of the shift allowances prescribed by subclause (j) hereof.

(h) Notwithstanding anything contained in this Award to the contrary, no time of duty whatsoever shall be required to be paid for at more than double time rate, i.e., double ordinary rate.

(i) (i) The employer may require any worker to work reasonable overtime at overtime rates and such worker shall work overtime in accordance with such requirement.

(ii) No organisation party to this Award, or worker or workers covered by this Award, shall in any way, whether directly or indirectly, be a party to or concerned in any ban, limitation or restriction upon the working of overtime in accordance with the requirements of this subclause.

(j) Shift workers, other than day shift workers, shall be paid 5 per cent. in addition to the ordinary rate for afternoon shift and 10 per cent. for night shift.

### 13.—Shift Work.

(a) (i) A worker who does not work at least one (1) week on day shift out of each consecutive three (3) weeks shall be paid for each shift other than day shift at the rate of time and one-quarter: Provided that if he is required to work for more than one (1) week consecutively on afternoon or night shift, such a worker shall be paid at the rate of time and one-quarter for each shift other than day shift in the consecutive second or subsequent weeks of afternoon or night shift.

(ii) This subclause shall not apply to workers to whom it would only otherwise apply because of a change of shift due to a private arrangement with another worker, nor to workers (known as "relief workers") regularly employed on continuous process work who are required to work shifts to enable other workers engaged on such work to change shifts weekly and to have their days off, if such relief worker is not required to work more night or afternoon shifts than the number of day shifts worked by him.

(b) (i) Where any particular process is carried out by workers on shifts other than day shift and less than five (5) consecutive afternoon or five (5) consecutive night shifts are worked on that process, then such workers shall be paid at overtime rates. A worker who replaces a regular shift worker on afternoon or night shift, absent for any reason beyond the control of the employer, shall be paid at the rate of time and a quarter if he does not work for five (5) consecutive afternoon or night shifts and at the appropriate shift work rate if he works five (5) or more of such shifts consecutively.

(ii) The sequence of work shall not be deemed to be broken under the preceding paragraph by reason of the fact that work on the process is not carried out on a Saturday or Sunday or on any public holiday.

### 14.—Rest Period After Overtime.

(a) When overtime work is necessary, it shall wherever reasonably practicable, be so arranged that workers have at least eight (8) consecutive hours off duty between the work of successive days.

(b) A worker (other than a casual worker) who works so much overtime between the termination of his ordinary work on one day and the commencement of his ordinary work on the next day that he has not at least eight (8) consecutive hours off duty between those times shall, subject to this subclause, be released after completion of such overtime until he has had eight (8) consecutive hours off duty without loss of pay for ordinary working time occurring during such absence.

(c) If, on the instructions of his employer, such a worker resumes or continues work without having had such eight (8) consecutive hours off duty, he shall be paid at double rates until he is released from duty for such period and he shall then be entitled to be absent until he has had eight (8) consecutive hours off duty without loss of pay for ordinary working time occurring during such absence.

### 15.—Holidays.

(a) Except as hereinafter provided, each of the following days, or the day observed in lieu thereof, shall be allowed as a holiday to all workers and be

paid for, namely: New Year's Day, Australia Day (26th January), Good Friday, Easter Saturday, Easter Monday, Anzac Day, Labour Day, Foundation Day, Sovereign's Birthday, Christmas Day and Boxing Day.

(b) Whenever any holiday falls on a worker's ordinary working day and the worker is not required to work on such day, he shall be paid for the ordinary hours he would have worked on such day if it had not been a holiday. If he is required to work on a holiday, he shall be paid for the time worked as if it was an ordinary working day and shall, in addition, be allowed a day's leave with pay to be added to the annual leave or to be taken at some subsequent date, if the worker so agrees.

(c) In the case of workers working a five-day week, no payment or a day in lieu shall be granted for any public holiday falling on a Saturday.

(d) Payment for holidays shall be in accordance with the usual hours of work.

(e) When a worker is off duty owing to leave without pay or sickness, including accidents on or off duty, except time for which he is entitled to claim sick pay, any holiday falling during such absence shall not be treated as a paid holiday. Where the worker is on duty or available on the working day immediately preceding a holiday, or resumes duty, or is available on the working day immediately following a holiday, as prescribed in this clause, the worker shall be entitled to a paid holiday on all such holidays.

(f) A casual worker shall not be entitled to payment for any holiday referred to in this clause.

### 16.—Annual Leave.

(a) (i) Except as hereinafter provided, a period of two consecutive weeks' leave with payment of ordinary wages as prescribed shall be allowed annually to a worker by his employer after a period of 12 months' continuous service with such employer.

(ii) Seven-day shift workers, i.e. shift workers who are rostered to work regularly on Sundays and holidays, shall be allowed one week's leave in addition to the leave prescribed in subclause (a) (i) hereof.

Where a worker with 12 months' continuous service is engaged for part of a qualifying 12-monthly period as a seven-day shift worker, he shall be entitled to have the period of two consecutive week's annual leave prescribed in subclause (a) (i) hereof increased by one-twelfth (1/12th) of a week for each completed month he is continuously engaged as aforesaid.

(b) If any holiday under this Award falls within a worker's period of annual leave and is observed on a day which in the case of that worker would have been an ordinary working day, there shall be added to that period, one day being an ordinary working day for each such holiday observed as aforesaid.

(c) (i) Subject to paragraph (ii), when computing the annual leave due under this clause, no deduction shall be made from such leave in respect of the period that a worker is on annual leave and/or holidays: Provided that no deduction shall be made for any approved period a worker is absent from duty through sickness, with or without pay, unless the absence exceeds three (3) calendar months, in which case deduction may be made for such excess only.

(ii) Approved periods of absence from work caused through accident sustained in the course of employment shall not be considered breaks in continuity of service, but the first six months only of any such period shall count as service for the purpose of computing annual leave.

(d) In the event of a worker being employed for portion only of a year, he shall only be entitled to such holidays on full pay as are proportionate to his length of service during that period.

(e) Any worker who may resign or be dismissed from the service for any cause, other than for peculation or theft, shall be entitled to receive payment for any annual leave which may have been due up to the time of leaving the service: Provided always that if the worker has been dismissed for peculation or theft, no claim for annual leave shall be

recognised. Misconduct herein referred to shall not affect accumulated annual leave or payment therefor.

(f) "Ordinary wages" for the purpose of sub-clause (a) hereof shall mean the rate of wage the worker has received for the greatest proportion of the calendar month prior to his taking the leave.

(g) The provisions of this clause shall not apply to casual workers.

#### 17.—Absence Through Sickness.

(a) (i) A worker shall be entitled to payment for non-attendance on the ground of personal ill-health for one-twelfth (1/12th) of a week's pay for each completed month of service.

(ii) The liability of the employer shall in no case exceed one (1) week's wages during each calendar year in respect of each worker, but the sick leave herein provided shall be allowed to accumulate, and any portion unused in any year may be availed of in the next or any succeeding year.

(iii) Payment hereunder may be adjusted at the end of each calendar year, or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred.

(b) The clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act, 1912-1956.

(c) No worker shall be entitled to the benefit of this clause unless he produces proof satisfactory to his employer or his representative of sickness, but the employer shall not be entitled to a medical certificate unless the absence is for three (3) consecutive working days or more.

(d) No payment shall be made for any absence due to the worker's own fault, neglect or misconduct.

(e) (i) Periods of service of less than one (1) month shall not be included as service for the computation of sick leave.

(ii) Periods of one (1) month and over shall be totalled and payment for sick leave computed on the total of such service during the year.

#### 18.—Interviewing Workers.

With the permission of the officer in charge, any officer of the Union authorised in writing by the President and Secretary of such Union shall have the right to enter the premises at all reasonable times for the purpose of conversing with or interviewing members of the Union covered by this Award.

Provided that such officer shall not hamper or otherwise hinder the workers in the carrying out of their work. The officer in charge shall determine whether workers are being hampered or hindered in their work.

#### 19.—Shop Stewards.

Stewards to be appointed by the Union shall be recognised by the employer. The employer shall be notified in writing by the Union of the Shop Stewards appointed.

#### 20.—Board of Reference.

The Court appoints for the purpose of the Award, a Board of Reference. The Board shall consist of a chairman and two (2) other representatives nominated by the parties. There shall be assigned to such Board in the event of no agreement being arrived at between the parties to the Award, the functions of—

- (i) adjusting any matters of difference which may arise between the parties from time to time, except such as involve interpretations of the provisions of the Award or any of them;
- (ii) deciding any other matter that the Court may refer to the Board from time to time.

#### 21.—Record.

(a) The employer shall keep a time and wages record showing the name of each worker, and the nature of his work, the hours worked each day, and the wages and allowances paid each week. Any system of automatic recording by means of machines shall be deemed to comply with this provision to the extent of the information recorded.

(b) The time and wages record shall be open for inspection by a duly accredited official of the Union during the usual office hours.

#### 22.—Long Service Leave.

The conditions governing the granting of long service leave to full time Government wages employees generally shall apply to workers covered by this Award.

#### 23.—Preference to Unionists.

Provided also, that any worker or applicant for employment who is not a member of any registered industrial union shall within fourteen (14) days of commencing employment under this Award make and complete an application for membership of the said Union, and provided that any worker who is a financial member of another registered industrial union shall, upon the expiration of his current membership with such other Union, within fourteen (14) days of such expiry, make and complete an application for membership with the Australian Workers' Union.

#### 24.—No Reduction.

Any worker who has been, prior to the date of this Award, in receipt of a higher rate of pay for his particular class of work than that prescribed by the Award heretofore in force shall not by reason of this Award suffer any reduction in the amount by which such higher rate of pay exceeded the amount formerly prescribed. Such excess amount shall not be affected by this Award.

#### 25.—Reduction of Workers.

Should occasion arise to reduce the number of men employed, the Manager, in selecting those to be retained, shall give full weight to the consideration of length of service, and all things being equal shall retain those who have been longest in the employ of the company.
