ALTERATION IN WIDE BAY BAR.

NOTICE is hereby given, that the Main Channel over Wide Bay Bar has again shifted further to the northward.

On entering, the square leading beacons are now to be kept open two widths to the northward, until the Inskip Point beacons are open two widths to the westward. A vessel should then haul up, and keep the latter beacons in this position, until the spit on the eastern side of the Channel is passed, when they should at once be brought into line again, to avoid a small spit running out from the West side of the Channel. In bad weather, great caution must be taken in using this Channel, and at present it should not be used at night.

There is a depth of 11 feet at low-water springs in the South Channel.
