HIS Excellency the Governor directs the publication of the following Notice to Mariners.

By Command,
MALCOLM FRASER,
Colonial Secretary.

NOTICE TO MARINERS.

No. 13 of 1889.

WIDE BAY BAR. LEADING LIGHTS AND BEACONS AT SOUTH CHANNEL.

NOTICE is hereby given, that on and after this date, Two Leading Lights will be exhibited for crossing Wide Bay Bar by the South Channel. The front light, which is red, is placed near the beach, midway between the positions of the front square and triangular beacons, as shown on the Chart. The back light, which is white, is placed alongside the back square beacon leading through the North Channel, and when in line with the front light, leads across the Bar on a N. 46° 30' W. bearing, with a depth of water of not less than 11 feet at low-water springs.

Directions.—After passing Double Island Point, and inside the Wolf Rock, steer N.W. for about 2 miles, when the red and white leading lights will be sighted; bring them in line and steer with them in that position until the water deepens to 5 fathoms inside the Bar, when haul up and steer for the red light on Inskip Point, and pass up the channel as usual.

Great care must be taken to haul up and head for the red light before crossing the line of leading lights on Inskip Point.

The new line for crossing the Bar is marked by day by the triangular beacons, which have been shifted from their former position.

As there is more water in the North than in the South Channel, the white leading lights have been temporarily re-lit for the use of those regular traders of heavier draught which, in fine weather, can still use that passage.

G. P. HEATH, Commander, R.N.,
Portmaster.
