<sup>1889</sup>  
**H**IS Excellency the Governor directs the publication of the following second progress Report, by the Government Resident, Geraldton, on the distribution of Funds entrusted to him for the relief of sufferers by the late Greenough Flood.

By Command,  
MALCOLM FRASER,  
Colonial Secretary.

*To the Honorable the Colonial Secretary, Perth.*

SIR,

Geraldton, 19th July, 1889.

I have the honor to submit, for the information of His Excellency the Governor, a further report relating to the disposal of funds intrusted to me for the relief of sufferers by the Greenough Flood.

2. As shown by the Balance Sheet accompanying my last report, my cash receipts up to 10th August, 1888, had been £1,175 13s. 8d., and my disbursements £977 14s. 10d., leaving on hand a balance of £197 18s. 10d.

3. Since that date I have received £1,632 4s., and have disbursed £1,253 4s. 7d., leaving a balance on hand of £576 18s. 3d., as shown by Balance Sheet\* herewith.

4. It will thus be seen that my total cash receipts have amounted to £2,807 17s. 8d., and my total disbursements to £2,230 19s. 5d.

5. Of the Government Grant of £500 to assist the Greenough sufferers £250 is still available in the Treasury, and when that amount shall have been added to the funds already intrusted to me for disbursement it will bring up my cash receipts to £3,057 17s. 8d.

6. Of the receipts disclosed by the accompanying Balance Sheet I desire to particularise the following, viz. :—

1. A moiety of the Government contribution	...	£250	0	0
2. From the Perth-Greenough Relief Committee	...	650	6	6
3. From the Perth Central Relief Committee	...	700	0	0

7. The immediate object of this report is to submit the accompanying statement marked A,\* showing the disposal of the £650 6s. 6d. forwarded to me by the Perth-Greenough Relief Committee—Miss Eliot, Hon. Secretary; Rev. J. Allen, Hon. Treasurer.

8. It was stipulated by the Committee that this amount of £650 6s. 6d. should be distributed in cash, by way of gift, as soon as possible, and a hope was expressed that I would report direct to the Committee the particulars of its distribution.

9. Such particulars I purpose forwarding direct to the Committee by this mail.

10. In connection with the large disbursement in cash since August last of the donations of a number of sympathisers to sufferers by the Greenough Flood, I enclose (marked B) a copy of resolutions passed at a numerously attended meeting of the Greenough people, convened by me for the specific purposes indicated by the resolutions, as well as a copy of resolutions submitted and negatived.

In making the disbursements I have adhered as strictly as possible to the terms and spirit of the resolutions passed at the meeting referred to, and I feel assured that particular attention need only be drawn to resolution No. 9 dealing with the question of the publication of the names of recipients of relief to insure that the decision of the meeting thereon will be respected. A decision which I doubt not every donor would regret to find disregarded.

11. If it be decided to publish the Balance Sheet\* herewith, I trust the names of persons disclosed by it will be omitted.

12. Certain recipients of seed corn during last year have returned what they borrowed, but in the majority of instances I have thought it well not to require return of the seed; and, instead, to charge its value to the recipients as a donation.

13. Owing to the scanty rainfall during last season the crops at the Greenough were at best but moderate. This season however there has, so far, been a bountiful supply of rain; a large area of land has been brought under cultivation, and the prospects of the farmers are certainly encouraging.

14. Before the commencement of winter the area of flood waters remaining had been reduced to about four acres, a result due to the combined effects of evaporation and shafts sunk at the expense of the Relief funds for the purpose of draining off the water. One such shaft when first sunk carried off water at the rate of two hundred thousand gallons per twenty-four hours.

I have, &c.,  
MAITLAND BROWN.

**B.**

*Resolutions dealt with by Meeting of Greenough sufferers.*

1. That all persons who have suffered loss by the Greenough flood, and desire to participate in the funds placed in Mr. Maitland Brown's hands for distribution, should be held entitled to share in such funds in proportion to their losses. The meeting, however, think that a sum of (say) £250 should be set aside to be used in the future, in Mr. Brown's discretion, to meet special cases that may arise, at present unforeseen. (Carried unanimously).

2. Resolved that the loss of stubble feed shall be estimated in the apportionment of losses. (Carried, with only four dissenting voices).

\* Not printed.

3. That where uncultivated feeding land is shown to have been under water for a considerable period, say about four months, the loss of the feed should be estimated. (Proposition lost by a considerable majority).

4. Proposed that no bush feed should be taken into consideration as an element of the losses. (Carried by a large majority, minority being only four).

5. Prices of grain and other property ranked at losses decided upon—

Wheat, per bushel 4s.  
 Barley „ „ 3s.  
 Oats „ „ 3s. 6d.  
 Hay, per ton £4 (by a large majority).  
 Sheep, per head 7s. (by a large majority).  
 Pigs, per head 15s. (by majority of 10).  
 Fowls, 3s. per pair.  
 Stubble feed, 3s. 4d. per acre.

6. Decided that the covering of fallowed land by the flood, from which the waters receded in time to allow fresh ploughing before cropping season, was not a loss, and should not be estimated as such except where the flood washed away all the loose fallow soil. (Carried unanimously).

7. Decided that fallowed land entirely washed away should be estimated as a loss, and valued at 10s. per acre. (Carried unanimously).

8. Decided that wire fencing washed down should be estimated at the rate of 4s. per chain. (Carried unanimously).

9. Proposed that the losses of each person should be published in the newspapers of the Colony; also the names of the recipients of relief, together with the details of such relief. (Negatived by the whole meeting).

MAITLAND BROWN.

Designs and Trade Marks Act, 1884.

IT is hereby notified that Pugsley, Dingman and Company, of Toronto, Ontario, Canada, has applied to register the Trade Marks represented below, in Class 47, in respect of Soap:—

THIS WRAPPER IS Waxed (NOT OILED) and ANSWERS FOR POLISHING THE IRON. Also Washes Iron, Brass, Tin, Lead, Zinc, and all other articles of metal. It is also used for washing clothes by the wash tub daily all day and is used 9 o'clock to the morning.

**DINGMAN'S ELECTRIC SOAP.**

Warranted not to injure the Finest Fabrics

Don't use this Soap like the ordinary Soaps, but proceed according to the following

**DIRECTIONS**

For the ordinary use of the Soap, add this to a warm water and well cover the clothes with it. Then, after the clothes are well wet, add a little more of the Soap, and rub the clothes with your hands. If you have the time to wash your clothes, make the water very hot, and wash the clothes in three minutes. Then, after the clothes are washed, wash them in cold water, and wring them out. Do not use the Soap for washing the face, or for washing the hair.

**A Lady's Way of Using Dingman's Electric Soap**

Being compelled to do my own washing and being in delicate health, I have found that the following way of using Dingman's Electric Soap is the best. I fill a tub with water, and add a little of the Soap. I then wash the clothes in the water, and wring them out. I do not use the Soap for washing the face, or for washing the hair.

**FOR LAUNDRY AND HOUSEHOLD USE.**

FOR THE USE OF THE HOUSEHOLD, add a little of the Soap to the water, and wash the clothes in it. It is also used for washing the face, and for washing the hair.

Notice is hereby given that, unless it be shown to my satisfaction before the expiration of 21 days from the publication hereof that such Trade Mark has been previously registered, or that some other person is entitled to such Trade Mark, or that such Trade Mark is so like some other Trade Mark that it may be mistaken for the same, a certificate will be issued to the applicants, certifying that the said firm are entitled to the use of the same.
