[Annexure.]

COLONIAL OFFICE TO THE AGENT-GENERAL FOR
SOUTH AUSTRALIA.

SIR, Downing Street, November 15, 1888.

I am directed by the Secretary of State for the Colonies to acknowledge the receipt of your letter of the 13th instant, conveying the renewed request of your Government that they may have an opportunity, before any appointment is made, of expressing an opinion with regard to the person whom it may be proposed to appoint as Governor of South Australia.

Lord Knutsford regrets that he is not able to give to this request any other answer than that returned to the Government of Queensland last month, in the letter which was read in the House of Commons by the Under Secretary of State on Monday last. It would be a great satisfaction and assistance to the Secretary of State in the performance of a very responsible duty, if it were possible in some manner to ascertain, before the Queen's pleasure is taken, that the gentleman whom he thinks suitable is also acceptable to the Government and people of the Colony in which he is to represent Her Majesty for several years. And Lord Knutsford trusts that it will be understood that the inability of Her Majesty's Government to comply with the wish of your Ministers in this matter is in no way connected with any indisposition to consult their views in other cases whenever practicable.

As Lord Knutsford stated to the Agent-General for Queensland, Her Majesty's Government feel precluded, by the conditions of the Governor's office, from having recourse to the advice of the Colonial Ministry in regard to the selection of a Governor. There are certain extra-Colonial functions in the discharge of which the Governor must be responsible to the Crown alone, and his action in regard to which does not interfere with or affect the full responsibility of the Ministry in the internal affairs of the Colony. But, independently of his more strictly imperial duties, the Governor occupies a position in regard to political matters which appears to preclude the local Ministry from taking any part in his selection. The antagonism between parties in the Colonial Parliaments has frequently been very strong, and on the retirement of the Ministry, which had virtually controlled the selection of the Governor, the succeeding Ministry might not improbably feel doubt as to his impartiality. For example, in dealing with the question—often one of much difficulty—whether a dissolution of Parliament ought to be granted or withheld, if the Governor should, however *bonâ fide*, act in accordance with the political interests of the party which had approved his appointment, his fairness might not improbably be called in question by the other side.

Indeed, it seems obvious that in this and similar cases the relations of the Governor to the Colonists, as well as to the Crown, might be gravely embarrassed.

I am further to point out that a public man of high standing could not well be asked to undertake an office subject to the approval of others at a distance who may have little information as to his fitness, but beyond such personal considerations the constitutional obstacle which has been referred to appears to Lord Knutsford to be insurmountable.

I am, &c.,

(Signed) ROBERT G. W. HERBERT.

HIS Excellency the Governor directs the publication of the Finding of the Court—together with the Evidence taken—held at Fremantle, on the 12th inst., for the purpose of inquiring into the circumstances attending a Casualty which happened to the Barque "Minero," on her voyage between London and Fremantle.

By Command,
OCT. BURT,
Assistant Colonial Secretary,
for Colonial Secretary.

Western Australia, }
to wit. }

Minutes of a preliminary Court of Inquiry held at the Court House, Fremantle, this 12th day of August, 1889, before Leonard Worsley Clifton, Esq., Collector of Customs, and R. Fairbairn, Esq., Justice of the Peace, to inquire into the circumstances attending a Casualty that happened to the British Barque "Minero," of London, Official No. 54939, of 478 tons burthen, commanded by D. Davies, the number of whose Certificate of Competency is 23859, when on a voyage from London bound to Fremantle, Western Australia, and held under the provisions of the 1st Section of the Local Ordinance 28 Vic., No. 2, and the 51 Vic., No. 6.

The Court having appointed William Owston, Master Mariner, the number of whose Certificate of Service is 75647, proceeded in his presence to take the following evidence:—

David Davies states: I am master of the British Ship "Minero." I left London for Fremantle on the 26th of April last. We had a fair voyage up to the 16th July, when in Latitude 44 South and Longitude 52 East, the ship being under top-gallant sails, the wind North, steering East,—we were going at about 6 knots per hour—a sudden gust struck the ship, and carried away the bowsprit and No. 6 stay. The bowsprit was of iron. We cut away and let the bowsprit go. It took us 24 hours to cut away.

The ship received no other damage. The stays all went with the jib-boom. Before cutting away I secured the foremast with a fish and other tackle.

From that time till we reached Fremantle we had strong westerly winds. I cannot say whether or not the ship is insured.

We reached Fremantle on the 3rd inst.

(Sd.) D. DAVIES,
Master,
Barque "Minero."

FINDING OF THE COURT.

Read in presence and hearing of D. Davies, Master of the British Barque "Minero."

WE find that this casualty was caused by the breaking of a link in the bob-stay in a squall, whereby the bowsprit and jib-boom were carried away, and that none of the certificated officers or members of the crew are in any way to blame; therefore, by virtue of the powers granted to us under section 2 and sub-section c of the 51st Vict., No. 6, we agree that there is no case for further investigation, and therefore all further proceedings shall cease and determine.

(Sd.) L. WORSLEY CLIFTON,
Collector of Customs.

(Sd.) R. FAIRBAIRN,
Justice of the Peace.

I concur in the above Finding, and wish to state that the Captain and crew are deserving of praise for the promptitude with which, and seaman-like way, the foremast was secured after the casualty, thereby saving the mast, and in all probability more serious damage.

Nautical Assessor.

Each sheet, and the whole of a schedule, or any class thereunder, must be signed. The value of all packages, cases, casks, &c., whether bulk be broken or not, must be included in the prices stated in the contractor's tender; all such packages, &c., to be considered the property of the Railway Department, and no charges or expenses whatsoever beyond the price tendered and set out in the schedule will be allowed to the contractor for any articles or packages, cases, casks, &c.

The rates, extensions, and additions must be without erasure or discrepancy, otherwise the tender may be set aside and not entertained.

Every tender must be accompanied by a deposit receipt for a sum equal to five per cent. of the annual amount for

which the tenderer is willing to undertake the service, but in no case will the deposit be required to exceed £100. The money to be lodged in a bank in the name and to the credit of the Commissioner of Railways, and to be absolutely forfeited to the Government in case the person whose tender may be accepted shall fail to complete the security or bond to the satisfaction of the Commissioner of Railways within fourteen days of the date of notice being received by the tenderer of the acceptance of his tender. The deposit will be returned to the successful tenderers on their security or bond being completed, and to unsuccessful tenderers on application, and on their signing receipts for the respective amounts.

Tenders must be enclosed in a separate envelope, *must have the words "Tender for——"* (as the case may be) *written thereon*, and deposited in the Tender-box, Works and Railways Office, Barrack Street, Perth.

The lowest or any tender will not necessarily be accepted.

CONDITIONS OF CONTRACT.

1. The whole of the Articles in the foregoing schedules, required for the service of the Government Railways of Western Australia, are to be strictly in accordance with the samples and specifications, and in every respect to be of the very best description, quality, and manufacture—subject to the approval of the Commissioner of Railways, the General Manager of Railways, Locomotive Superintendent, and the Railway Storekeeper. The goods will be subject to the examination and test of an inspecting officer appointed by any of the above. The Commissioner of Railways (hereinafter called "The Commissioner," which shall also mean his Deputy or Appointee), will not be bound to issue orders upon the contractor for all the articles enumerated in the schedules, but only for such articles and such quantities of those articles as the Commissioner may order from the contractor from time to time; neither will the Commissioner be bound to take from the contractor any larger supply of any of the articles than the orders which have been issued during the period of contract, viz., from 1st January, 1890, to 31st December, 1892, nor will he be bound to take any of the articles enumerated in the schedules for which orders have not been issued. Should the Commissioner require a larger supply of any article than the quantity stated in the schedules, or should articles of a particular manufacture be ordered, the contractor will be bound to supply the same at the contract rate.

2. All orders for articles required under these contracts will be issued by the Commissioner, the General Manager, and the Railway Storekeeper, or such officers as they may appoint, and contractors will be required to forward the goods in such quantities and to such places as the orders specify, but the department will carry the goods free from any stations on the Railway named on tenders, provided they are properly addressed to the officer who is to receive them, marked "O.H.M.S.," and accompanied by the departmental consignment note. Delivery will not be taken until the goods have been received and accepted by the receiving officer named on the order.

3. Each separate order must be completed and the articles included therein delivered at the Railway Store or station whence they are to be forwarded within forty-eight hours after its receipt by the contractor, failing which the articles may be procured elsewhere at his risk, and any expense incurred by the department over and above the contract price deducted from his account.

4. Each delivery of goods must be accompanied by invoice, together with the departmental order.

5. The Commissioner, General Manager, Locomotive Superintendent, and Railway Storekeeper, or such inspecting officer as they may appoint, will have full power to reject any goods which in their opinion are not in accordance with contract, and the contractor, on receipt of rejection notice, must remove such articles immediately, and supply others in their stead, failing which they will be procured elsewhere, and any expense incurred will be

deducted from contractor's account. Contractors will be required to pay the ordinary carriage both ways upon all rejected goods.

6. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor to such mulct, not exceeding one-fourth the amount of the monthly account, as the Commissioner may direct. It will also be in the power of the Commissioner, upon such repetition, to terminate the contract forthwith.

7. In the event of the contractor failing to carry out the contract, the contract may, in the case of the security being in money, be cancelled, and the security money will be absolutely forfeited as liquidated damages for breach of contract. Should the security be by bond, the contract may either be declared to be cancelled, or the bond be enforced, as the Commissioner may elect.

8. The contractors in all cases will be liable for any expense which may be incurred by the Government in consequence of the non-performance of their contracts.

9. The contractor will be required to prepare his own account monthly on the prescribed form, including all purchases to the 22nd of each month, and render the same to the Railway Storekeeper, on the 23rd of each month, for certification previously to payment at the Treasury.

10. Contractors are not at liberty to transfer their contracts under cover of a power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Commissioner.

11. The contracts entered into under these conditions are not to be considered as being infringed or vitiated by the manufacture or importation by the Commissioner of any of the articles for the use of the Railway Department, or by the purchase of any of the articles manufactured in the Penal or other Government establishments, or by other contracts made by the said Commissioner.

12. All prices to be quoted "in bond."
