PERTH : MONDAY, JUNE 14.

[1937.

Reclassification of the General and Clerical Divisions.

(Dating from 28th January, 1937.)

The reclassification dating from 28th January, 1937, of the officers of the General and Clerical Divisions, whose salaries do not exceed £699 per annum, is attached. This classification is made as the result of (a) Award No. 21 of 1936, issued on the 28th January, 1937, by the Arbitration Court, which relates to the automatic male adult clerical officers, and (b) Agreement made pursuant to the provisions of Part IXA. of the Industrial Arbitration Act, 1912-1935, dated the 22nd April, between the Civil Service Association and the Public Service Commissioner, relating to the Clerical and General Divisions. (Copies of the Award and Agreement are appended hereto.)

It should be appreciated that the Service has reached a new milestone on its road of progress, I hope. The classification of the 1st January, 1936, is the last of the old order that provided classes in which the grades overlapped, and naturally enabled a close comparison to be made of duties of one office against another.

In the new order the grades in the classes provided do not overlap in any direction.

Hence in a class having three grades, I am required to place in one group three sets of officers having the same maximum classification, each of whom previously had an independent maximum, and whose official responsibilities varied. Naturally, it cannot now be argued that their responsibility is equal despite the fact that they ultimately reach the same maximum. In some cases where the old maximum would now become the minimum of a class, and where the degree of responsibility has a closer relation to the lower class, I have been compelled to reduce the classification. In other cases reduced responsibility has been the cause of reduction. On the other hand, it will be noticed that increased classifications have been provided for in those cases where the responsibility has increased.

In some cases to avoid undue anomalies, the salaries have been fixed at an intermediate stage in the class. Instances of this will be found in the classification of Record Clerks, Clerks of Courts and Mining Registrars.

The information in the appended classification relates to classes and salaries of officers as at the 27th January, 1937, and to the minimum and maximum of the class in which officers have been placed as from the 28th January, 1937. For grades within the respective classes, reference must be made to the Agreement.

The salaries shown in the column "Salaries under Award or Agreements" are the salaries payable on the 28th January, 1937. All transfers, promotions and appointments since that date, and any other alterations that affect the officers' total remuneration up to and including the 31st May, 1937, have been shown in the "Remarks" column. Any adjustments after the 1st June will be made on the personal files of officers.

GEO. W. SIMPSON,
Public Service Commissioner.

4th June, 1937.

To enable a transition from existing classes under the 1936 Classification, which overlap, to classes provided under Clause 3 of this Agreement, and which obviate overlapping, it is agreed—

 - i. If not promoted by that date he shall be reduced to the maximum of his new class.
 - ii. Should an officer appeal to the Public Service Appeal Board against the placing of his position in a class the maximum salary of which is lower than the maximum salary

prescribed for his position under the 1936 Classification, and the Board decides that his position is placed in the correct class, then he shall be paid the lower salary rate from the date of the Board's decision, but, in any case, not later than the 30th June, 1938.

In the event of the Board's upholding the appeal, he shall be paid salary increases under the following subclauses, whichever is applicable.

- (b) If an officer has in the 1936 Classification a position the maximum salary of which is identical to the maximum salary of the class in which he is placed under Clause 3 of this Agreement, he shall proceed to the maximum of such new class in accordance with the annual incremental scale provided in the 1936 Classification until the minimum of such new class is reached, and then by increments according to the grades in such new class.
- (c) If an officer is classified under the 1936 Classification with a maximum salary one grade lower than the maximum salary of the class in which he is placed under Clause 3 of this Agreement, his salary increments shall be—
- i. If in receipt of the maximum salary of his 1936 Classification on the 28th January, 1937, he shall advance to the maximum salary of his new class on the 1st January, 1938.
 - ii. If the salary of an officer on the 28th January, 1937, is below the maximum of his 1936 Classification, he shall proceed to the maximum of his new class in accordance with the provisions of Subclause (d) of this clause.
- (d) If an officer is classified under the 1936 Classification with a maximum salary two or more grades lower than the maximum salary in the class in which he is placed under Clause 3 of this Agreement, he shall proceed to the maximum of such new class in accordance with the annual incremental scale provided in the 1936 Classification until the minimum of such new class is reached, and then by the grades set out in such new class.
- (e) Every officer shall be paid at least the minimum of his new class on or before the 1st July, 1939, and shall thereafter receive annual increments in accordance with the grades in his new class.
- (f) All appointments or promotions made after 27th January, 1937, and before the 1st July, 1939, shall be in accordance with the classification scale prescribed in the 1936 Classification, and in such cases officers shall proceed to the maximum of their classes in accordance with the annual incremental scale provided in the 1936 Classification until they reach the minimum of their new class, when they will proceed by increments corresponding to the grades in such classes. The provision under Subclause (e) of this clause shall also apply.

12.—Basic Wage.

The salary rates contained herein shall be subject to adjustment in accordance with the Basic Wage declarations made by the Court of Arbitration in the following manner:—

(a) Adult male officers:—

The nearest multiple of five pounds (£5) to the result obtained by multiplying the State weekly basic wage by fifty-two and one-sixth (52 1/6).

Basic wage in the Metropolitan Area as at the 1st day of January, 1936, £3 10s. 6d. (deemed to be equivalent to £185 per annum for purposes of this Agreement).

(b) Adult female officers:—

Seventy-five per centum of the adult male rate calculated to the nearest £1.

(c) Officers under 21 years of age:—

Pro rata with the adult male minimum of £185 per annum.

(d) Officers located in an area for which an independent basic wage has been declared higher than the metropolitan basic wage, shall be paid the difference between such basic wage rates as an allowance.

13.—Maintenance of Rights of Appeal.

Notwithstanding anything to the contrary herein contained or implied the rights of officers in respect of all appeals under the Public Service Appeal Board Act, 1920, shall be preserved and maintained, subject to any legal rights which the Commissioner or any other respondent may have in relation thereto.

14.—Term of Agreement.

This Agreement shall be for a term of five (5) years commencing from 28th January, 1937.

Provided that either party to this Agreement may, after 28th January, 1938, negotiate with the other party to amend or add to this Agreement, and, if both parties agree, such Agreement may be amended by a supplementary Agreement, which shall be concurrent with this Agreement.

In witness whereof the parties hereto have hereunto set their hands and seals the day and year first before written.
