HIS Excellency the Lieutenant-Governor in Council in pursuance of Section 68 of "The Native Administration Act, 1905-1936," has been pleased to make further regulations as set forth in the schedule hereunder under and for the purposes of the said Act which shall be added to, incorporated with, and form part of the regulations hitherto made and now in force under "The Aborigines Act, 1905" and the said "Native Administration Act, 1905-36."

F. J. HUELIN,
Under Secretary.

The Schedule.

NATIVE ADMINISTRATION ACT, 1905-1936.

Regulations relating to the Natives' Medical Fund.

1. Save and except as otherwise in these regulations hereinafter expressly provided, nothing in these regulations shall operate or be deemed to operate so as to exempt persons employing natives in pursuance of a permit or permit and agreement under the Act from their liability under the Act to provide such natives, while so employed and when suffering from illness or injury, with medicines and medical attention as required by the said permit or the said permit and agreement.

2. The medical fund provided for by Section 36 of the Act (hereinafter referred to as "the fund") shall be known as "The Natives' Medical Fund" and shall be established as from and including the first day of July, 1937.

3. (1) On and after the said first day of July, 1937, every person applying under the Act for a permit to employ a native or natives, shall in addition to any other fees payable, deposit with his application the amount of the contribution prescribed in Regulation 4 hereof for payment into the fund in respect of each and every native to be employed by him under the permit then applied for. If such permit be granted, the said deposit shall be paid into the fund. If such permit be refused, the amount of the deposit shall forthwith be refunded to the applicant.

(2) An application for the grant of a permit may be rejected or refused unless and until the amount of the contribution payable to the fund is deposited with such application as aforesaid.

4. Subject as in this regulation hereinafter provided, the amount of the contribution payable to the fund by the holder of a permit shall be one pound in respect of each and every native employed by him under the authority of the permit: Provided that—

(i) Where the native employed by a holder of a permit is a ward or a trainee of the Department of Native Affairs or of any institution the Commissioner may, if he think fit, remit to the holder of the permit in respect of such native one-half of the amount of the contribution prescribed in this regulation, and

(ii) Where in the application for the grant of a permit, it is stated that the native, in respect of which the grant of a permit is applied for, will be employed for a period not exceeding one month and such native when employed is employed for a period not exceeding one month, the Commissioner may, if he think fit, remit to the holder of the permit in respect of such native any amount not exceeding three-fourths of the amount of the contribution prescribed in this regulation.

5. Where contributions to the fund have been deposited with a Protector of Natives, such Protector shall forthwith pay or remit the same to the Commissioner to be dealt with by the Commissioner in accordance with the Act and these regulations. Provided that where an application for the grant of a permit has been received by a Protector of Natives with the necessary deposit of contributions to the fund, and the Protector is of the opinion that such application should be refused and informs the Commissioner accordingly, the Commissioner may direct and authorise the Protector of Natives to return the said deposit to the applicant, instead of paying or remitting the same to the Commissioner, and to refuse the application.

6. It shall be competent for the Commissioner to accept and pay into the fund any voluntary contribution of the amount prescribed by Regulation 4 of these regulations paid by or by any other person on behalf of any native whether employed or not, and whether employed under the authority of a permit or not, and also for the Commissioner, in the case of the illness or injury of the native by or on whose behalf such voluntary contribution has been made as aforesaid, to expend moneys out of the fund for the benefit of such native and his dependants in the same manner as he could do if such native had been employed under the authority of a permit and the contribution had been made by the holder of the permit in compliance with the Act and these regulations.

Provided that the payment of a voluntary contribution under this regulation shall entitle the native by whom or on whose behalf the contribution is paid or his dependants to claim the benefits conferred by this regulation only in case the illness or injury to the native occurs after such contribution is made and before the 30th day of June then next following.

7. The notification to be given by the holder of a permit when any native in his employ becomes sick or affected by any disease or suffers any injury as required by Subsection (2) of Section 36 of the Act shall be in the Form No. 1 in the First Appendix to these regulations.

8. As and whenever notification is received by a Protector of Natives from the holder of a permit in accordance with Subsection (2) of Section 36 of the Act, such Protector shall forthwith report to the Commissioner the information contained in such notification in the Form No. 2 in the First Appendix to these regulations.

9. Where the Commissioner is satisfied that any native has fallen ill or become diseased or is suffering from any injury or accident, and that such native has received or requires medicines and medical attention and hospital treatment the following provisions shall apply:—

(A) Where the native is not employed, or, where the native being employed the employer is not required by the Act to hold a permit to employ such native, the Commissioner may use moneys out of the fund to defray the whole of the cost of medical and hospital expenses and the maintenance of the native during the period of his illness, condition of disease, injury, or accident, aforesaid.

- (B) Where the native is employed under a permit or a permit and agreement and has fallen ill or is affected with disease in circumstances which would not in any event entitle the native to Workers' Compensation under the Workers' Compensation Act, 1912-1934—

(I) if the employer has in accordance with his obligations under the permit or permit and agreement provided medical attention and medicines for the native at the employer's abode or place of business for the reason that the removal of the native to a hospital or another place for medical attention and treatment was not necessary, the cost of such medicines and medical attention shall be borne and paid by the employer and the Commissioner shall not use any moneys in the fund for such purpose;

(II) if the employer has provided medical attention and medicines for the native at the employer's abode or place of business for the reason that the native could not with safety be removed to a hospital, the Commissioner shall with moneys out of the fund pay the cost of the medicines and medical attention provided by the employer as aforesaid or reimburse the employer the amount of such expenses as the case may require;

(III) if the employer has sent the native to the nearest accessible hospital or to the nearest Protector of Natives for medical attention and treatment, and the Commissioner is satisfied that the condition of the native was not serious and medical attention for the native was practicable at the abode or place of business of the employer, then if the Commissioner is required by any medical practitioner or by the hospital to pay the cost of medical attention or hospital treatment given to such native, he may do so out of moneys in the fund, but in such case the amount so paid shall be deemed to have been paid for and on behalf of the employer, and shall be a debt owing by the employer to the Commissioner recoverable at the suit of the Commissioner in any court of competent jurisdiction. Any moneys recovered from an employer under this paragraph shall be paid into the fund by the Commissioner;

(IV) if the employer has sent the native to the nearest accessible hospital or to the nearest Protector of Natives for medical attention and treatment and the Commissioner is satisfied that the condition of the native was serious and that his removal as aforesaid was necessary or expedient, the Commissioner may out of the moneys in the fund pay the cost of the medical attention and hospital treatment given to the native or reimburse the employer the amount thereof as the case may require.

- (C) Where the native is employed under a permit or a permit and agreement and has fallen ill or is affected with disease or has suffered personal injury by accident under such circumstances that under the provisions of the Workers' Compensation Act, 1912-1934 he would, save and except for the exemption provided in Subsection (5) of Section 36 of the Native Administration Act, 1905-1936, be entitled to claim workers' compensation from the employer under the Workers' Compensation Act, 1912-1934—

(i) if the employer has in accordance with his obligations under the permit or permit and agreement or otherwise provided medical attention and medicines and maintenance for the native at the employer's abode or place of business for the reason that the removal of the native to a hospital or another place for medical attention and treatment was not necessary, the cost of such medicines, and medical attention and maintenance shall be borne and paid by the employer, but in special cases the Commissioner may, if he think fit, with moneys out of the fund defray any such medical and other expenses necessarily incurred, or reimburse in an amount of the same to an employer as the case may require.

(ii) If the employer has provided medical attention and medicines and maintenance for the native at the employer's abode or place of business for the reason that the native could not with safety be removed to a hospital, the Commissioner shall with moneys out of the fund pay the costs of the medicines and the medical attention and of the maintenance provided for the native during his said incapacity provided by the employer as aforesaid or reimburse the employer the amount of such costs as the case may require.

(iii) If the employer has sent the native to the nearest accessible hospital or to the nearest Protector of Natives for medical attention and treatment and the Commissioner is satisfied that the condition of the native was not serious and medical attention for the native was practicable at the employer's abode or place of business, then if the Commissioner is required by any medical practitioner or by the hospital to pay the cost of medical attention or hospital treatment given to such native, he may do so out of moneys in the fund, but in such case the amount of such expenses shall be deemed to have been paid by the Commissioner for and on behalf of the employer and shall be a debt owing by the employer to the Commissioner recoverable at the suit of the Commissioner in any court of competent jurisdiction. Any moneys recovered from an employer under this paragraph shall be paid into the fund by the Commissioner.

(iv) If the employer has sent the native to the nearest accessible hospital or to the nearest Protector of Natives for medical attention and treatment and the Commissioner is satisfied that the condition of the native was serious and that his removal as aforesaid was necessary or expedient, the Commissioner may out of the moneys in the fund pay the costs of the medical attention and hospital treatment and any maintenance given to the native during his incapacity from injury, or reimburse the employer the amount thereof as the case may require.

- (D) Where in the foregoing paragraphs the expression "medical attention" is used such expression shall include the provision or supply to the native of any necessary artificial limb and any surgical or mechanical device, instrument or other article declared by the medical practitioner attending the native to be required by the native as the result of his illness, disease or injury.
- (E) It shall be the duty of the Commissioner before using any moneys in the fund to defray the medical and hospital expenses and the maintenance of natives to make or cause to be made all proper inquiries and investigations to satisfy himself as to the bona fides of any claimant for payment and the correctness of the amount of the payment claimed; and wherever possible the claim shall be certified as correct by the Protector of Natives where the service, in relation to which the claim is made, was authorised by the said Protector.
- (F) Subject to the foregoing paragraphs of this regulation, the Commissioner may as and whenever he shall think fit use the moneys in the fund to defray the medical and hospital expenses and the maintenance of any native who falls ill or becomes diseased or who suffers any injury or accident whether such native is indigent or not.

8.—Progression from Minimum to Maximum of Class.

Subject to the receipt by the Commissioner of a report from the Permanent Head regarding the good conduct, diligence and efficiency of the officers as provided for by the Public Service Regulations, officers shall proceed from the minimum to the maximum of the class by annual increments in the manner provided for in Clause 9 of this Agreement, except where the Commissioner has fixed a limit within a class under Public Service Regulation 106.

9.—Special Provisions to Cover Interval Between Old and New Classifications.

To enable a transition from existing classes under the 1936 classification, which overlap, to classes provided under Clause 3 of this Agreement, and which obviate overlapping, it is agreed—

(a) If an officer is placed in a class under Clause 3 of this Agreement the maximum salary of which is less than the maximum salary of his 1936 classification, and such officer is drawing the maximum salary under his 1936 classification, he shall continue to draw such higher salary until the 30th June, 1938, provided that—

- (i) If not promoted by that date he shall be reduced to the maximum of his new class.
- (ii) Should an officer appeal to the Public Service Appeal Board against the placing of his position in a class the maximum salary of which is lower than the maximum salary prescribed for his position under the 1936 classification, and the Board decides that his position is placed in the correct class, then he shall be paid the lower salary rate from the date of the Board's decision, but, in any case, not later than the 30th June, 1938.

In the event of the Board's upholding the appeal he shall be paid salary increases under the following subclauses, whichever is applicable.

(b) If an officer has in the 1936 classification a position the maximum salary of which is identical to the maximum salary of the class in which he is placed under Clause 3 of this Agreement he shall proceed to the maximum of such new class in accordance with the annual incremental scale provided in the 1936 classification until the minimum of such new class is reached, and then by increments according to the grades in such new class.

(c) If an officer is classified under the 1936 classification with a maximum salary one grade lower than the maximum salary of the class in which he is placed under Clause 3 of this Agreement, his salary increments shall be—

- (i) If in receipt of the maximum salary of his 1936 classification on the 28th January, 1937, he shall advance to the maximum salary of his new class on the 1st January, 1938.
- (ii) If the salary of an officer, on the 28th January, 1937, is below the maximum of his 1936 classification, he shall proceed to the maximum of his new class in accordance with the provisions of Subclause (d) of this clause.

(d) If an officer is classified under the 1936 classification with a maximum salary two or more grades lower than the maximum salary in the class in which he is placed under Clause 3 of this Agreement, he shall proceed to the maximum of such new class in accordance with the annual incremental scale provided in the 1936 classification until the minimum of such new class is reached, and then by the grades set out in such new class.

(e) Every officer shall be paid at least the minimum of his new class on or before the 1st July, 1939, and shall thereafter receive annual increments in accordance with the grades in his new class.

(f) All appointments or promotions made after 27th January, 1937, and before the 1st July, 1939, shall be in accordance with the classification scale prescribed in

the 1936 classification, and in such cases officers shall proceed to the maximum of their classes in accordance with the annual incremental scale provided in the 1936 classification until they reach the minimum of their new class, when they will proceed by increments corresponding to the grades in such classes. The provision under Subclause (e) of this clause shall also apply.

10.—Basic Wage.

The salary rates contained herein shall be subject to adjustment in accordance with the basic wage declarations made by the Court of Arbitration in the following manner:—

- (a) Adult Male Officers—The nearest multiple of five pounds (£5) to the result obtained by multiplying the State weekly basic wage by fifty-two and one-sixth ($52 \frac{1}{6}$).
- Basic wage in the Metropolitan Area as at the 1st day of January, 1936, £3 10s. 6d. (deemed to be equivalent to £185 per annum for the purposes of this Agreement).
- (b) Adult Female Officers—Seventy-five per centum of the adult male rate calculated to the nearest £1.
- (c) Officers under 21 years of age—Pro rata with the adult male minimum of £185 per annum.
- (d) Officers located in an area for which an independent basic wage has been declared higher than the metropolitan basic wage shall be paid the difference between such basic wage rates as an allowance.

11.—Maintenance of Rights of Appeal.

Notwithstanding anything to the contrary herein contained or implied the rights of officers in respect of all appeals under "The Public Service Appeal Board Act, 1920," shall be preserved and maintained, subject to any legal rights which the Commissioner or any other respondent may have in relation thereto.

12.—Term of Agreement.

This Agreement shall be for a term of five (5) years commencing from 28th January, 1937.

Provided that either party to this Agreement may, after the 28th January, 1938, negotiate with the other party to amend or add to this Agreement, and if both parties agree such Agreement may be amended by a supplementary Agreement which shall be concurrent with this Agreement.

In witness whereof the parties hereto have hereunto set their hands and seals the day and year first before written.
