THE Shire of Merredin under and by virtue of the powers conferred upon it in that behalf by the Town Planning and Development Act, 1928 (as amended), hereby makes the following Town Planning Scheme.

SCHEME TEXT.

Citation.

1. This Town Planning Scheme may be cited as Shire of Merredin Town Planning Scheme No. 5—Industrial Area Scheme (hereinafter called "the Scheme").

Responsible Authority.

2. The authority responsible for enforcing the observance of this Scheme is the Shire of Merredin (hereinafter referred to as "the Council").

Maps.

3. The following Maps are attached to this Text and form part of the Scheme:—

- Land Use Map.
- Scheme Map.

Scheme Area.

4. The Scheme shall apply to the land contained within the inner edge of a broken black line on the Land Use Map. The said land is hereinafter referred to as "the Scheme Area".

General Objects.

5. The general objects of the Scheme are—

- (a) To make land available for use for industrial and light industrial purposes.
- (b) To make suitable provision for roads and traffic within the Scheme Area.
- (c) To ensure the proper drainage of those parts of the Scheme Area that require drainage.
- (d) To make provision for public open space within the Scheme Area.
- (e) To make available suitable land within the Scheme Area for relocation thereon of industries carried on upon land elsewhere in the District of the Council and without limiting the generality of the foregoing to make available suitable land within the Scheme Area for relocation of bulk fuel installations now situate elsewhere in the District of the Council.

Scheme Works.

6. The following works shall be carried out within the Scheme Area:—

- (a) The Area shall be surveyed in conformity with the design shown on the Scheme Map with such amendments as may from time to time be approved by the Town Planning Board and the Council.
- (b) The land shown as roads on the Scheme Map of which the carriage-way is coloured yellow shall be constructed and drained and any necessary earthworks undertaken.
- (c) Levelling, filling and drainage works shall be carried out where necessary and land shall be acquired for drainage reserves.

(d) Those buildings and fences which in the opinion of the Council interfere with the proper development of the land within the Scheme Area according to the new subdivision will be demolished or otherwise removed and in cases considered desirable by the Council such fences and buildings may be re-erected.

Scheme Costs.

8. The costs of the Scheme shall be as follows:—

- (a) The administration costs of the Scheme.

In the event of a sale by private contract the price shall not be less than the price recommended by the Chief Valuer of the Taxation Department of Western Australia unless after submitting the land for sale by public auction or tender that price has not been obtained.

Valuation of Lots.

10. The Council may instead of selling all or any of the lots created by the re-survey of the Scheme Area ascertain the value of them or of those unsold from the Chief Valuer of the Taxation Department of Western Australia and credit the Scheme with the value so ascertained and in that event the lots shall be the property of the Council and shall be retained sold or otherwise dealt with in such manner as the Council thinks fit.

Development of Land by Owners.

11. If an owner of land wishes to subdivide and develop his land within the Scheme Area and shall pay his proportion of the Scheme Costs and enter into such agreement as the Council considers necessary or desirable in the circumstances the Council may permit such owner to develop such land accordingly. For the purpose of this clause the owner's proportion of the Scheme costs shall be that proportion of the costs of the Scheme works as the area of land to be subdivided and developed by the owner bears to the total area of land within the Scheme Area.

12. If in the circumstances of any particular case the Council considers it desirable to alter the Scheme Map in order to meet the site requirements of an industry it may with the consent of the Town Planning Board make such alterations to the subdivisional design on the Scheme Map as it considers desirable.

Profits of the Scheme.

13. If the Scheme shall show a profit the amount of such profit shall be distributed among the owners of privately owned land from whom land has been resumed or otherwise acquired. The distribution shall be in proportion to the value of each owner's land at the date it was resumed or otherwise acquired by the Council. For the purpose of this clause the value of any parcel of land shall in the case of purchase be the price thereof and in the case of resumption be the value agreed upon by the parties or assessed by a competent tribunal for the purpose of compensation
