SCHEME TEXT.

Citation.

1. This Town Planning Scheme may be cited as Shire of Cockburn Town Planning Scheme No. 5 Newton Street (North) Scheme (hereinafter called "the Scheme").

Responsible Authority.

2. The authority responsible for enforcing the observance of this Scheme is the Shire of Cockburn (hereinafter referred to as "the Council").

Maps.

3. The following maps are attached to this Text and form part of the Scheme—

Land Use Map.

Scheme Map.

Scheme Area.

4. The Scheme shall apply to the land within the inner edge of a broken black line on the Land Use Map and on the Scheme Map. The said land is hereinafter referred to as "the Scheme Area".

General Objects.

5. The general objects of the Scheme are:—

- (a) To plan within the Scheme Area suitable roads.
- (b) To plan the subdivision of land within the Scheme Area.
- (c) To ensure the proper drainage of the roads and of those parts of the Scheme Area which require drainage or other such works.
- (d) To facilitate and co-ordinate progressive subdivision and development of land within the Scheme Area.
- (e) To make provision for land to be used for Public Open Space and drainage purposes.
- (f) To make provision for the reticulation of sewerage throughout portion of the Scheme Area.

Method of Carrying Out Objects.

6. As and when owners of land within the Scheme Area subdivide their land such subdivision shall be according to a plan which will be capable of forming part of an over-all plan of subdivision for the Scheme Area.

7. The Scheme Map forms a basis for subdivision and development of the Scheme Area but the Council may with the consent of the Town Planning Board permit alterations or variations to the subdivision of the land shown on the Scheme

Map where in its opinion circumstances justify such action provided that no such alteration or variation shall be permitted if in the opinion of the Council it would impede the subdivision and development of the Scheme Area as a whole and no alteration shall be made to the position of the roads and public open space shown on the Scheme Map.

#### Subdivision.

8. An owner of land within the Scheme Area who desires to subdivide his land either alone or in conjunction with other owners shall submit a plan of proposed subdivision to the Town Planning Board as required by the Town Planning and Development Act of Western Australia.

10. In cases where the situation of a new road or footway within the Scheme Area is such that it would be fair and equitable that the owners of land served or capable of being served by the road or footway should each contribute to the cost of the construction or drainage of that road or footway and apportion the value of the land made available and such owners are unable to agree upon the proportion of the costs payable by each of them the amount (if any) payable by each such owner shall be determined by arbitration in manner hereinafter provided.

11. The Council may resume or otherwise acquire the whole or any portion or portions of the land required for new roads or footways and may construct and drain any new roads or footways within the Scheme Area. If the Council shall do so prior to the subdivision of the land in which such road or footway is situated the costs of the construction and drainage of the said road or footway and all compensation and other costs consequent upon the acquisition of the land shall be paid to the Council by the respective owners of land in accordance with the foregoing provisions as and when they subdivide their land or at the expiration of three months notice given by the Council whichever shall first happen.

12. If an owner shall claim compensation for the resumption from him of land to be used as a road or footway there shall be set off against the amount of compensation payable to him the amount by which the value of the remainder of his land has been or will be increased by the construction of the roads or footways within the Scheme Area and by the operation of the Scheme.

13. If an owner shall subdivide his land and if he or his predecessors in title shall have claimed or shall have been paid compensation by reason of the resumption by the Council of the land for a new road or footway within the Scheme Area he shall before the approval of his plan of subdivision release the Council from the payment of compensation or repay to the Council the compensation paid by it to him or his predecessor in title as the case may be.

#### Drainage.
