Intending applicants shall submit with their applications details of intended utilisation and proposed development indicating size and type of intended structures, cost estimates, source of funds and programme for construction whether staged or not.

The Minister for Lands and Surveys reserves the right to refuse any application on the grounds that the proposed utilisation, development and/or development programme is inadequate or unsuitable or that the applicant has failed to show adequate capacity to fund the development.

A limit of one lot per person shall apply unless the development plan clearly indicates that more land is necessary. For the purpose of this condition a husband and wife are deemed to be one.

The services provided to these lots are water and roads and the service premium as shown in the schedule is payable within 30 days of acceptance of application.

Where the in-going lessee indicates that he anticipates a requirement for freehold during the currency of the lease, the Hon. Minister shall signify the extent of development (which may be additional to that required as the basis for leasing the site) that will be necessary to enable the issue of a Crown Grant.

Subject to agreement between the lessee and the Minister, the foregoing development obligations and other conditions set out herein may be varied or added to from time to time.

At any time during the currency of lease, subject to the development obligations and other conditions having been met to the satisfaction of the Hon. Minister, the lessee may surrender his lease to the intent that he may apply for purchase of the said land. In this event a purchase price in accordance with the schedule shall apply for a period of 3 years from the date of approval of the lease (following which period the price shall be subject to review) and fees associated with the issue of a Crown Grant shall be payable.

The land is made available for leasing subject to the following conditions:—

- (1) The land shall not be used for any purpose other than "Light Industry" without the prior approval in writing of the Minister for Lands and Surveys.
- (2) The rent shall be subject to reappraisal at the end of the third year of the term of the lease and each successive three yearly period thereafter.
- (3) The lessee shall not without the previous consent in writing of the Minister assign, transfer, mortgage, sublet or part with the possession of the demised land.
- (4) The lessee shall commence construction within nine (9) months and thereafter continue construction and complete and operate the works within two (2) years from the date of the commencement of the lease.
- (5) All buildings, erections, paving, drainage and other works shall be to the approval of the Local Authority and the lessee shall perform, discharge and execute all requisitions and works unto the demised land as are or may be required by any local or public authority operating under any statute, by-law or regulation.
- (6) The lessee shall indemnify the Minister against all claims for damage to property or persons arising from the use of the land.
- (7) The Minister or his representative may enter the land for inspection at any reasonable time.
- (8) Compensation shall not be payable to the lessee in respect of any improvements effected by him on the demised land and remaining thereon at the expiration or earlier determination of the lease.
- (9) It shall be lawful for the lessee at any time within the three calendar months immediately following the expiration of the term or earlier determination of the lease, to take down, remove, and carry away any buildings, structures, improvements and plant the property of the lessee.
- (10) On determination of the lease, the lessee shall fill in, consolidate and level off any unevenness, excavation or hole caused by him during the term of the lease or by removal of his improvements and shall leave the demised land in a clean, neat and tidy condition to the satisfaction of the Minister and shall remove any or all waste matter as required by the Minister.

A person in the employ of the State must apply through the Under Secretary for Lands for the Governor's permission to hold this land. Written approval of the Permanent Head concerned should accompany such application.

- (6) The lessee shall, within twelve months from commencement of the lease, fence the external boundaries to the satisfaction of the Minister.
- (7) The lessee shall maintain existing and future improvements to the satisfaction of the Minister.
- (8) The only residence permitted will be that of the Lessee or a Manager or Manager/Caretaker.
- (9) The lessee shall indemnify the Minister against all claims for damage to property or persons arising from the use of the land.
- (10) The Minister or his representative may enter the land for inspection at any reasonable time.
- (11) Compensation shall not be payable to the lessee in respect of any improvements effected by him on the demised land and remaining thereon at the expiration or earlier determination of the lease.
