“Fence” includes a wall.

“Height” in relating to a fence, means the greatest distance between the top of the fence at any point and the ground immediately below that point but where:—

(a) the natural level of the ground cannot be ascertained, the height of the fence shall be measured from a level fixed by the surveyor;

(b) a fence is erected on or adjacent to a retaining wall, the retaining wall is deemed to be part of the fence for the purpose of measuring the height thereof, unless in any particular case the Council decides otherwise.

3. No person shall commence to erect, proceed with the erection, rebuild, reconstruct, or alter any fence exceeding 1 800 mm in height, if it is situated within 6 000 mm of a street alignment unless and until he has lodged with the Council, two copies of the plans and specifications of the proposed fence or proposed rebuilding, reconstruction or alteration and the Council has approved of the plans and specifications.
